SECTION I – PERFORMANCE REPORTING POLICY GUIDANCE FOR H-1B SKILLS TRAINING GRANTS

1.1 GENERAL OVERVIEW

H-1B Skills Training Grants (H-1B grants) are required to submit quarterly program progress reports to the United States Department of Labor (DOL or the Department), Employment and Training Administration (ETA) to comply with the reporting and record keeping requirements of H-1B-funded grants.

Grantees are responsible for collecting and reporting participant data on all grant participants as required for H-1B-funded grants. If the grantee has agreements with other entities (e.g., sub-awardees or contracted entities, etc.), the grantee remains responsible for reporting all required data to ETA.

H-1B grants are authorized under the American Competitiveness and Workforce Improvement Act (ACWIA). H-1B grants with start dates of July 1, 2016 and later are required to report in accordance with Workforce Innovation and Opportunity Act (WIOA) performance reporting requirements. This provides an opportunity for DOL to align its performance reporting definitions, processes and procedures across both the Department’s formula and discretionary grant programs. The Office of Workforce Investment’s Division of Strategic Investments (DSI) is the program office for H-1B grants.

The performance guidance described in this Handbook applies only to H-1B One Workforce and Rural Healthcare grants. Please note that if you have or had other H-1B grants funded by the Department of Labor, you should refer to the appropriate performance reporting guidance for those grants.

This handbook contains the following sections related to tracking and reporting participant-level outcomes:

Section I: Performance Reporting Policy Guidance for H-1B Skills Training Grantees
This section provides a general overview of reporting on performance that is required of grantees. It includes descriptions of the types of reports grantees submit and when each is due.

---

1 For the purposes of this handbook, the statement “H-1B grants” refers to all H-1B grants that were awarded on or after July 1, 2016. H-1B grantees should use the appropriate Handbook specific to their grant program to ensure they are meeting reporting requirements specific to that grant.
Section II: WIOA and H-1B Skills Training Grants Performance Outcome Measures
This section clarifies the difference between WIOA primary indicators of performance and the H-1B Skills Training Grants real-time performance outcome measures. It includes information on how ETA uses wage records to capture WIOA performance outcomes on behalf of H-1B grantees. The section also clarifies how DOL calculates performance outcome measures.

Section III: Guidance for Collecting and Reporting Participant-level Data Using the 2021 PIRL for H-1B Skills Training Grants
This section provides instructions and tips for collecting and tracking participant-level data. Each Data Element (DE) includes a number, name, definitions and instructions, code values, and field type and length, edit check logic rules, and details on error types.

Section IV: Accessing the Workforce Integrated Performance System (WIPS)
This section provides information on how grantees gain access to the Workforce Integrated Performance System (WIPS), the web-based system grantees use to report quarterly.

Section V: Guidance for Generating and Certifying a Quarterly Performance Report (QPR)
This section provides information on the H-1B QPR. The QPR is an aggregate summary of grantee participant-level data records and provides an overview on how the data is aggregated each quarter. It is reported in WIPS using data files submitted to DOL by each grantee.

Section VI: Guidance for Submitting a Quarterly Narrative Report (QNR)
This section provides an overview of how H-1B grantees submit their Quarterly Narrative Reports in WIPS.

Section VII: DOL Data Standards
This section provides information on the collection of participant Social Security Numbers for reporting purposes and DOL policy on storing and securing this data.

1.2 DOL PERFORMANCE POLICY GUIDANCE DOCUMENTS AND TECHNICAL ASSISTANCE

The TEGL formalizes policy guidance on both the WIOA primary indicators of performance and the real-time employment and training outcome measures unique to H-1B grants (Attachment 1 in the TEGL). This guidance is applicable to H-1B funded grants with a start date after July 1, 2016.

An online community for your H-1B grant is located on ETA’s technical assistance website, WorkforceGPS. The site includes several H-1B Performance Reporting resource pages that provide the most recent performance reporting guidance and technical assistance for H-1B grants.

1.3 QUARTERLY PROGRESS REPORTS

Quarterly Progress Reports
H-1B grantees are required to submit a Quarterly Progress Report containing updates on the implementation and progress specified in the grant’s Statement of Work (SOW), and the status of grant program outcomes for all participants that receive grant-funded services. A Quarterly Progress Report contains both a Quarterly Performance Report (QPR) and Quarterly Narrative Report (QNR):

- **Quarterly Performance Report (QPR)** – The H-1B QPR is a quantitative report of all participants served through the H-1B grant program. The H-1B QPR is a quarterly aggregate of the individual participant records that the grantee has collected and uploaded as a data file into the Workforce Integrated Performance System (WIPS). The H-1B QPR is used to communicate outcomes of program activities. Data on the QPR can be viewed for the current quarter, previous quarter, grant to date and rolling four quarters (the four most recent quarters). ETA will use the grant-to-date data to assess grant progress and performance accountability. Please see Attachment 2 to review a copy of the QPR template.

- **Quarterly Narrative Report (QNR)** – The QNR is a qualitative summary of grant activities that occurred during the reporting quarter, which include a status update on program activities, as well as participant information that cannot be reported using quantitative data alone. For example, the QNR can be used to report any additional information that is not captured on the QPR. It is also appropriate to describe any activities, events and/or partnership successes or hurdles that impact your grant during the reporting quarter.
  - Grantees are required to use the Office of Management and Budget (OMB)-approved Joint Quarterly Narrative Report (QNR) OMB Control Number: 1205-0448, ETA-9179. Please see Attachment 5 to review a copy of the QNR template.
Quarterly Progress Reports assist DOL in tracking grant activities and outcomes, as well as providing a “snapshot” of grant-funded activities for the current quarter and cumulative quarters throughout the grant period of performance. DOL will produce a summary of H-1B grants’ quarterly performance activities using both quantitative data from the QPR and qualitative information from the QNR that grantees submit to DOL. This information will be used to inform the Secretary and other leaders at the DOL, Congress, and the general public on the progress of performance outcomes for H-1B grants.

1.4 FINAL PERFORMANCE REPORT

H-1B grantees are also required to submit a Final Performance Report that incorporates final cumulative grant-to-date QPR and a final QNR, due no later than 45 days after the end of their grant period of performance.

- **Final Performance Report** – The Quarterly Progress Report submitted for the last reporting quarter at the end of the grant will serve as the grant’s Final Performance Report. The Final Performance Report will provide both quarterly and cumulative information that reflect the grantee’s activities for the entire grant period of performance. The Final Performance Report must summarize project activities, employment outcomes, other deliverables, and related results of the project, and should thoroughly document the training approaches used by the grantee during the entire period of performance.

1.5 REPORTING DUE DATES and QUARTERLY REPORTING CYCLE

**Quarterly Progress Reports** are due to DOL no later than the 15th of the following month after the end of each reporting quarter. The table below provides the due dates for each reporting quarter. Reports not submitted by the due date will be considered late and not in compliance with grant requirements.
Table 1: Quarterly Progress Report Deadlines

<table>
<thead>
<tr>
<th>Quarter Start Date</th>
<th>Quarter End Date</th>
<th>Report Submission Due Date*</th>
</tr>
</thead>
<tbody>
<tr>
<td>January 1</td>
<td>March 31</td>
<td>May 15</td>
</tr>

</table>

* Should the due date of the report fall on a Saturday, Sunday, or holiday, grantees are encouraged to submit their report on the previous business day of the reporting deadline.

Figure 1: DOL Quarterly Reporting Cycle Flow Chart

- **Primary grantee BEGINS** collecting participant data from training providers, partners, and sub-recipients, including all activities that occurred up to the end of the reporting quarter.

- **LAST day to submit Quarterly Reports to ETA**

- **ETA/DSI begins report analysis**
- **Data is sent via CRIS to calculate ETA Common Measures**

- **15 DAYS After REPORT DUE**
- **Data submitted to DOL Secretary, Congress, general public**

- **10 DAYS After REPORT DUE**

- **QUARTER END DATE**

- **MAY/AUGUST/ NOVEMBER/ FEBRUARY 15th**
SECTION II – WIOA and H-1B SKILLS TRAINING GRANTS PERFORMANCE OUTCOME MEASURES

For the purposes of aligning H-1B grant reporting requirements with WIOA, H-1B Skills Training grantees report on two types of performance outcome measures: 1) the WIOA primary indicators of performance; and 2) H-1B specific real-time outcome measures. Some of these outcomes are reported directly by grantees using participant-level data files in WIPS, and some are calculated using a combination of data reported by grantees and state Unemployment Insurance (UI) wage records via the process called the Common Reporting Information System (CRIS), as explained in Section 2.2.

H-1B grantees will utilize the ETA-9172 DOL-only PIRL Data Elements (DE), definitions, and code values identified specifically for H-1B grants to collect and report on both types of performance outcome measures.

2.1 WIOA PRIMARY INDICATORS OF PERFORMANCE

DOL requires, consistent with 29 USC § 3224(a)(7), that H-1B grants with a start date of July 1, 2016 and later align with and report on the six WIOA primary indicators of performance, as set forth in section 116(b)(2) of WIOA, and as further specified below.

The information collected on these measures is used by DOL to assess performance across numerous programs administered by DOL.

The following WIOA primary indicators of performance are applicable to H-1B grants:

A. **Employment Rate – 2nd Quarter After Exit:** The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program.

B. **Employment Rate – 4th Quarter After Exit:** The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program.

C. **Median Earnings – 2nd Quarter After Exit:** The median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program.

D. **Effectiveness in Serving Employers (Retention with the Same Employer in the 2nd and 4th Quarter After Exit):** The percentage of program participants who exit and are employed with the same employer in the second and fourth quarters after exit.

E. **Credential Attainment:** The percentage of those participants enrolled in an education or training program who attain a recognized postsecondary credential or a secondary school diploma*, or its recognized equivalent, during participation in or within one year after exit.
from the program. A participant who has attained a secondary school diploma or its recognized equivalent is included in the percentage of participants who have attained a secondary school diploma or its recognized equivalent* only if the participant also is employed or is enrolled in an education or training program leading to a recognized postsecondary credential within one year after exit from the program. This calculation will exclude those in on-the-job training (OJT) and customized training, consistent with WIOA.

F. Measurable Skill Gains: The percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and who are achieving measurable skill gains, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment.

One Workforce and Rural Healthcare grants provided targets for the WIOA Primary Indicators Employment Rate in the 2nd Quarter After Exit and the Employment Rate in the 4th Quarter After Exit as part of the target outcomes identified in their SOW; however, grantees are not required to track these outcomes. Instead, DOL tracks the unsubsidized employment and median earnings after exit using wage data obtained via CRIS (see below).

* Important Note: H-1B grantees are prohibited from serving individuals enrolled in secondary education (high school). However, grantees are required to report PIRL 1401 (Enrolled in Secondary Education Program) to align with aggregation calculations for the “Credential Attainment” WIOA primary indicator of performance. When completing the PIRL for H-1B grants, a field for PIRL 1401 must be included in the .csv or .txt file uploaded in WIPS and must always be coded as “0 = No.” H-1B grantees can provide activities that support an H-1B participant’s attainment of a GED or other high school diploma equivalent, for participants who are not enrolled in a secondary education program (high school).

Calculating Employment-Based Primary Indicators of Performance

For the employment-based WIOA primary indicators of performance, DOL acknowledges that H-1B grantees may not have access to wage records in order to track and report exit-based employment rates and median earnings. Therefore, DOL will match wage records on behalf of grantees using CRIS (see Section 2.2) in order to capture these specific employment-based outcomes for participants that have successfully exited the H-1B program. The CRIS process matches data to determine the following four indicators of the six that are applicable to H-1B grants:

A. Employment Rate – 2nd Quarter After Exit
B. Employment Rate – 4th Quarter After Exit
DOL will calculate these specific employment-based outcomes on behalf of grantees using Social Security Numbers (SSNs) provided for each H-1B participant as part of the information included in each grantee’s WIPS quarterly participant-level data file submission. It is important to note that while H-1B program grantees are required to collect SSNs, participants cannot be denied services if they choose to not disclose an SSN. Section VII of the Handbook provides information on the standards for collecting and storing social security numbers and tips for collecting this data from participants.

To support calculation of these DOL-required employment-based primary indicators of performance, H-1B grants are required to track and report the following PIRL DEs:

- PIRL 900: Date of Program Entry
- PIRL 901: Date of Program Exit
- PIRL 923: Other Reasons for Exit*
  
  *Individuals who are exited for the reasons noted in PIRL 923 will not be calculated in the WIOA primary performance indicators.

- PIRL 2700: Social Security Number

Calculating the Primary Indicators of Performance Credential Attainment and Measurable Skill Gains

E. Credential Attainment

To calculate credential attainment outcomes, H-1B grantees are required to track and report the information using PIRL DEs that will be reported to DOL directly through the participant-level data file submitted in WIPS.

Please note, WIOA PIRL DEs that are used to report the credential attainment outcomes for the WIOA primary indicators of performance are also used to report real-time credential attainment outcomes for H-1B grants. Real-time credential attainment outcomes for H-1B grants are reported after training completion and will be reported on the H-1B QPR in the quarter in which they were attained.

Reporting credential attainment outcomes for inclusion in both the WIOA primary indicators of performance and real-time measures helps to determine the success of DOL’s training programs and inform technical assistant efforts.
F. Measurable Skill Gains

To calculate measurable skill gains outcomes, H-1B program grantees are required to track and report the information using PIRL DEs that will be reported to DOL directly through the participant-level data file submitted in WIPS.

2.2 COMMON REPORTING INFORMATION SYSTEM (CRIS)

Through a Memorandum of Understanding between the Department and the Kansas Department of Commerce, ETA's national program has access to aggregate employment outcome and wage information through the Wage Record Interchange System and the Federal Employment Data Exchange System. This information is used to calculate the employment-based measures of the WIOA primary indicators of performance by matching personally identifiable information (PII) and UI wage data for the most recent reporting quarter. The WIOA performance outcomes are reflected in grantee QPRs when available, and after the QPR is submitted and certified by grantees.

2.3 H-1B SKILLS TRAINING GRANTS “REAL-TIME” PERFORMANCE OUTCOME MEASURES

In addition to the WIOA primary indicators of performance, H-1B Skills Training grantees are required to track and report “real-time” employment and training outcome measures in the reporting quarter in which the outcome occurred. Grantees provided outcome targets for these performance indicators in their SOWs, and the targets set for these measures are used to evaluate program outcomes during the period of performance.

The H-1B real-time performance measures in the OMB-Approved H-1B QPR include the following outcome measures:

1. Total participants served;
2. Total participants enrolled in education/training activities;
3. Total participants completing education/training activities;
4. Total participants who complete education/training activities that receive a degree, or other type of credential;
   a. It is important to note that this credential measure is separate from and in addition to the WIOA primary indicators of performance “Credential Attainment.”
5. Total number of unemployed and underemployed participants who complete education/training activities and obtain employment; and
   a. It is important to note that this entered employment measure is separate from and in addition to the WIOA primary indicators of performance “Employment Rate.”
6. Total number of incumbent worker participants who complete training activities and advance into a new position.
DOL asked grantees to provide both yearly and cumulative targets for the H-1B real-time outcome measures, which are specifically tailored for H-1B grants, as described below:

1. **Total participants served;**
   a. This measure is defined as the total number of all individuals who receive a grant-funded service, after they are determined eligible to be served by the program.

2. **Total participants enrolled in education/training activities;**
   a. This outcome measure is defined as the total number of participants that start an allowable education/training activity.

3. **Total participants who complete education/training activities;**
   a. This outcome measure is defined as the total number of participants who start an allowable education/training activity and complete all the intended grant-funded training provided to the individual during the grant period of performance.
   b. A participant’s education/training activities may be one training or a series of courses or activities. Program completion for a participant is when a participant has completed all the intended grant-funded training provided to the individual during the grant period of performance. Depending on the proposed program design as described in the Statement of Work, grantees must determine when a participant has completed all the intended grant-funded training services established for the individual during the grant period of performance. Grantees must determine when a participant has completed all the intended grant-funded training services established for the individual during the grant period of performance based on the proposed program design.
   c. Participants who only complete pre-apprenticeship programs do not count in this outcome.

4. **Total participants who complete education/training activities and receive a degree or other type of credential;**
   a. This outcome measure is defined as the total number of participants who enter an allowable education/training and complete all the intended grant-funded training provided to the individual during the grant period of performance, and receive at least one recognized postsecondary credential.
   b. Participants who only complete pre-apprenticeship programs and receive pre-apprenticeship credentials do not count in this outcome.

5. **Total number of unemployed and underemployed participants who complete education/training activities and obtain employment;**
   a. This outcome measure refers to participants whose employment status at program entry is either unemployed, underemployed, who complete all intended grant-funded training during the grant period of performance and enter employment. Participants who are employed
b. Employed workers who do not meet the definition of underemployed or incumbent workers and who complete their education/training program and obtain employment also count in this outcome.

c. Incumbent workers do not count in this outcome.

6. **Total number of incumbent worker participants who complete training activities and that advance into a new position;**

   a. This outcome measure refers to those participants, whose employment status at program entry is an incumbent worker, who complete their education/training program and advance to a new position with their current employer or with a new employer.

   b. The grantee must have a partnership agreement with the employers of the participants to provide them with training prior to their entry into the grant program in order for the participants to qualify to be counted in this outcome.

   c. Incumbent workers typically have a new job title and description upon advancement into a new position. However, as long as the skills and competencies attained while completing an H-1B training program are used in the job position after program completion, and the change can be documented, the incumbent worker may be counted as having advanced into a new position with the employer or a new employer even if a new title is not conferred on the incumbent worker.

Please review the table below to understand how the outcomes in the OMB-Approved H-1B QPR Form correspond to the outcomes.

</tr>
</tbody>
</table>

H-1B real-time performance measures are separate from, and in addition to, the WIOA primary indicators of performance reported on Sections C and H of the QPR. The annual target outcomes grantees provided in the Statement of Work (SOW) for these real-time measures are used to evaluate quarterly program outcomes during the period of performance. DOL will use these annual benchmarks to track grant progress and identify best practices and technical assistance opportunities to support grantees during the grant lifecycle. Grantees are responsible for meeting the goals for the cumulative targets in their approved SOW.

In addition, the H-1B QPR includes the following program information to describe the full depth of a grant project’s performance:

- Total participants who exit the program
- Participant demographics
  - Gender, ethnicity, race
  - Education status at participation
  - Employment status at participation
- Total number of credentials earned
- Total participants who enter training-related employment
While grantees are not required to provide target goals for these measures, grantees must track and report these outcomes to DOL.
SECTION III: GUIDANCE FOR COLLECTING AND REPORTING PARTICIPANT-LEVEL DATA USING THE 2021 PIRL for H-1B SKILLS TRAINING GRANTS

3.1 DOL DATA COLLECTION: 2021 PIRL FOR H-1B SKILLS TRAINING GRANTS

In order to report the WIOA primary indicators of performance and the H-1B real-time outcome measures, grantees are required to collect and report on participant-level data for all participants who receive grant-funded services beyond a determination of eligibility. Grantees are also required to report on program-completion training outcomes for all participants, as well as any performance follow-up and tracking activities during the period of performance.

To align H-1B’s performance accountability measures with WIOA, H-1B grantees will be reporting against the 2021 PIRL WIOA ETA-9172 DOL-only Participant Individual Record Layout (PIRL) approved by the Office of Management and Budget (OMB) in 2021. The 2021 PIRL for H-1B grants offers guidelines for grantees to follow when tracking participant outcomes and establishing the foundation of the grant’s quarterly performance data files. This document contains all of the individual data elements (DEs) and code values required to be tracked for participants in H-1B grant programs. Grantees will compile these participant-level data records into one comma-separated values (csv) data file, and upload to WIPS.

H-1B grantees are responsible for maintaining their own internal management information system to collect and track participant records in alignment with the 2021 PIRL for H-1B grants. Each DE has code values that grantees will use to describe each participant served through the H-1B grant. Grantees will collect and report participant-level data using 90 PIRL DEs identified for H-1B grantees in the 2021 PIRL for H-1B grants. This allows H-1B grants to collect and report participant-level information such as: demographics, which includes race and ethnicity, and date of birth (DOB); Social Security Numbers (SSNs); program start and end dates, including training activities and supportive services; and, program completion outcomes, such as credential attainment and employment placement outcomes.

Each quarter, H-1B grantees will upload a single comprehensive data file in WIPS that reflects all participants served to date, starting from the beginning of the grant’s period of performance through the end of the latest reporting quarter. Section VI of the Handbook provides information on how to submit and certify the data file.

2 For more information on WIOA Performance Reporting, visit https://www.dol.gov/agencies/eta/performance/reporting.
3.2 H-1B PIRL DATA ELEMENTS KEY SECTIONS

The H-1B Participant Individual Record Layout (PIRL) describes data elements (DEs) that enable DOL to collect information required to assess the performance of federal investments for various training and employment programs. Each PIRL data element includes a number, name, field type and length, definition and instruction, and code values.

These data elements are used to record participant-level data, track participant outcomes used for Quarterly Progress Reports, and assess the grantee’s internal progress.

The description of data elements in 2021 PIRL for H-1B grants includes five key sections: Individual Information, Program Participation Information, Services and Activities, Program Outcomes Information, and H-1B. Grantees are required to collect the data elements specified in these sections for H-1B Grants performance reporting purposes.

**PIRL Section I – Individual Information (Data Elements 100 – 803)**

Data Elements 100 - 803 track participant demographics, which can be used during your participant screening, intake, and/or on-boarding process. The employment status of individuals at program participation is also recognized and accounted for in this section. This section also contains the data elements for reporting grant program (**PIRL 105**) and pre-apprenticeship activities (**PIRL 106**).

**PIRL Section II – Program Participation Information (Data Elements 900 – 938)**

These data elements capture program participation data, which includes the date of program entry, dates of first receiving services, and program exit.

**PIRL Section III – Services and Activities (Data Elements 1203 – 1409)**

These data elements focus on the date and type of training services participants received during the H-1B program. Grantees can record up to three training activities that have specific training start and end dates. Work experience opportunities and supportive services are also recorded in this section.

**PIRL Section IV – Program Outcomes Information (Data Elements 1800 – 1813)**

These data elements focus on the type and date of recognized credentials received. (Up to three recognized credentials may be recorded per participant.)

**PIRL Section V – H-1B (Data Elements 2101 – 2700)**

These data elements are specific to H-1B grants. They are not shared with WIOA or other discretionary grant programs.
3.3 KEY PIRL DATA ELEMENTS TO REPORT PARTICIPANT-LEVEL INFORMATION

There are several key PIRL data elements that are used to report a specific participant-level outcome in grantee data files. The tips below provide further guidance on how these key PIRL data elements are used for reporting purposes.

Please note: This section does not describe all the PIRL data elements that grantees are required to include in their data file upload in WIPS.

Please consult Tab 2 of 2021 PIRL for H-1B grants for a list of all required 90 data elements and their code values.

PIRL SECTION I – INDIVIDUAL INFORMATION (DATA ELEMENTS 100 – 803)

PIRL 105, PIRL 106, and PIRL 107 – Special Project ID

These data elements are included in the H-1B schema to accommodate unique H-1B grant program reporting needs. H-1B grantees use PIRL 105 to indicate the specific grant program for which they are reporting, and PIRL 106 to report pre-apprenticeship activities for participants.

Reporting H-1B Grant Programs using Special Project Identification Codes

PIRL 105 GRANT PROGRAM

Grantees will use PIRL 105 (Special Project ID code - 1) to report the Grant Program for each participant using the following code values:

Table 3. Special Project ID - 1 Code Values for PIRL 105 (Grant Program)

NOTE: Reporting an incorrect code value for your grant program (i.e., reporting a code value for an H-1B grant program other than the grant program for which the data file is being submitted) may result in edit check issues or data file submission issues.

**Reporting Pre-Apprenticeship Training Using Special Project Identification Codes**

PIRL 106 PRE-APPRENTICESHIP

Grantees will use **PIRL 106 (Special Project ID code - 2)** to report Pre-Apprenticeship for each participant using the following code values:

**Table 4. Special Project ID - 2 Code Values for PIRL 106 (Pre-Apprenticeship)**

<table>
<thead>
<tr>
<th>Pre-Apprenticeship (Reported in PIRL 106)</th>
<th>Enter Code Value:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pre-apprenticeship: if the participant entered into a pre-apprenticeship program.</td>
<td>SAPRE33</td>
</tr>
<tr>
<td>None: if the participant has not entered a pre-apprenticeship program.</td>
<td>SANON00</td>
</tr>
</tbody>
</table>

A participant who enters a pre-apprenticeship is counted in **PIRL 106 Pre-Apprenticeship**. If the participant is later hired by an employer into an apprenticeship and starts an apprenticeship training program, the individual should also be counted in **PIRL 931 Apprenticeship Program** as entering an apprenticeship. Grantees should continue to report “SAPRE33” in **PIRL 106** for these participants to indicate that they also participated in a pre-apprenticeship.

**Note:** The same training cannot count as both pre-apprenticeship and apprenticeship training for a participant. Please review the definitions of pre-apprenticeship, Registered Apprenticeship Programs and Industry-Recognized Apprenticeship Programs in **Attachment 1: H-1B Skills Training Performance Reporting Definitions & Glossary**.

If a participant is not participating or has not participated in a pre-apprenticeship program, use SANON00 for None or leave this data element blank.
Reporting Participant Demographics

PIRL 201 SEX

This PIRL data element is used to report a participant’s sex or gender.

Tips:

- This data element should be self-identified by the participant.
- An individual who does not identify as male or female (e.g., non-binary, etc.) should be reported using code value “9.”
- This data element cannot be left blank. Participants who do not respond with their sex or gender identity should be reported using code value “9.”

PIRL 210, 211, 212, 213, 214, 215 ETHNICITY AND RACE

These PIRL data elements are used to report a participant’s ethnicity and race demographics.

Tips:

- This data element should be self-identified by the participant.
- An individual who identifies with more than one race should be reported in each racial category with which they identify.
- A participant does not have to disclose this information in order to receive grant-funded services.
- These data elements cannot be left blank. Participants who do not respond with their racial or ethnic identity should be reported using code value “9.”

Reporting Participant Employment Status

PIRL 400 EMPLOYMENT STATUS AT PROGRAM ENTRY (WIOA)

This PIRL data element is one of the data elements used to report a participant’s employment status at the time of enrollment in the grant program.

H-1B grants will report participants as unemployed, underemployed, employed or incumbent workers.

This data element is used to calculate the employment status of all participants served through the H-1B grant as either employed or unemployed. Underemployed workers and incumbent workers are subsets of employed workers and will be reported separately in data elements PIRL 2101 Underemployed Worker and PIRL 907 Recipient of Incumbent Worker Training.
PIRL SECTION II – PROGRAM PARTICIPATION INFORMATION (DATA ELEMENTS 900 – 938

PIRL 900 DATE OF PROGRAM ENTRY (WIOA)

This PIRL data element is used to report the date in which, upon determination of eligibility, an individual begins to receive grant-funded services.

Tips:

- Date of Program Entry refers to the date on which an individual, upon determination of eligibility, becomes a participant and begins to receive grant-funded services.
- For H-1B grants, grant-funded services may include but are not limited to receiving assessment and case management services and/or enrollment in the H-1B training program.
- The date of program entry may or may not be the same date that an individual begins training, depending on whether the individual received other grant-funded services prior to beginning training.

PIRL 901 DATE OF PROGRAM EXIT

H-1B participants are exited from the program when they have not received any services funded by the program for 90 consecutive calendar days and are not scheduled for future services.

PIRL 901 (Date of Program Exit) is used to collect and report the date of exit, which is calculated retroactively to the last day on which the individual received a service funded by the grant program.

For exit-based performance measures (WIOA Primary Indicators of Performance), the quarter for tracking these measures is determined by the quarter in which the date of exit occurs. (EXAMPLE: If the date of exit is between January 1st and March 31st, the first quarter after exit would be April 1st through June 30th).

Tips:

- PIRL 901 should not be reported before the 90 days have elapsed. This data element requires a lookback each quarter of all participants who have not received any services or training in the past 90 days and are not scheduled for any future services.
- Do not report an exit date in the future or a date prior to the 90th day since services or training were received.

PIRL 902 DATE OF FIRST CASE MANAGEMENT AND EMPLOYMENT SERVICE

Record the most recent date on which the participant received a case management service. This date should be updated each quarter, as appropriate.

Tip:
• Case management services involve coordinating the appropriate resources and other services for a participant based on his or her needs. Case management services include, but are not limited to information gathering, monitoring and evaluating, and other services pertaining to the facilitation of resources.

NOTE: The dates that participants receive other types of services (i.e., supportive services and assessment services) are recorded in PIRL 1409 and PIRL 2103 respectively. These services may overlap and grantees should review their Statements of Work for the context of when and how services are provided to determine how to record them in WIPS.

PIRL 907 RECIPIENT OF INCUMBENT WORKER TRAINING

When determining participant eligibility, H-1B grants should apply the definition of incumbent workers as indicated in their grant FOA.

Tips:
• For reporting purposes, participants determined eligible as incumbent workers and enrolled in incumbent worker training should be reported as code value 4 in PIRL 907 Recipient of Incumbent Worker Training.
• Participants who are reported as incumbent workers must also be reported as employed in PIRL 400 Employment Status at Entry.

PIRL 931 APPRENTICESHIP PROGRAM

One Workforce and Rural Healthcare grantees have special instructions for using this data element.

• For participants who enter apprenticeships, only the code value “1” indicating that a participant has entered a Registered Apprenticeship Program or “2” indicating that a participant has entered an Industry-Recognized Apprenticeship Program can be used. Code value “3” for “Other” is an invalid code value for One Workforce and Rural Healthcare grantees and cannot be used.
• Grantees may not report a participant as an apprentice until they are hired by an employer and become enrolled in an apprenticeship program.
• Pre-apprenticeship cannot be reported in PIRL 931 Apprenticeship Type.
• If a participant has not entered or does not enter a RAP or an IRAP, report 4 for “None.”
• If a participant enters more than one apprenticeship as one of their training components during the grant period, only the first apprenticeship type should be reported in PIRL 931.
• Additional apprenticeships may be reported as training in PIRL 1309 Date Entered Training #2 and PIRL 1314 Date Entered Training #3. Please see PIRL 1309/PIRL 1314 below for further instructions.

PIRL 938 H-1B GRANTS

This PIRL data element is used for H-1B grantees to record their H-1B grant number. The grant number should be entered in the following format **without dashes**: Two alphabetic characters representing the grant program code-Five numeric characters-Two numeric characters.
representing the fiscal year when the grant was awarded—Two numeric characters identifying the type of grant awarded—One alphabetic character identifying the relevant agency at ETA—Two numeric characters identifying the state that received the grant was served under (Example: AA123451255A26).

PIRL SECTION III – SERVICES AND ACTIVITIES (DATA ELEMENTS 1203 – 1409)

Reporting Internship or other Work Experience Training Activities

PIRL 1203 MOST RECENT DATE RECEIVED INTERNSHIP OR WORK EXPERIENCE OPPORTUNITIES

PIRL 1205 TYPE OF WORK EXPERIENCE

These data elements can be used to report more information about paid work-based learning training activities, if desired, including paid internships.

Tips:

- Incumbent workers cannot be reported in these data elements.
- These data elements can be left blank.

Reporting Training Outcomes: WIOA vs. H-1B PIRL Data Elements to Report Training

H-1B grantees have several PIRL data elements to report training activities. H-1B grants share WIOA PIRL data elements to report dates for Training #1, #2, and #3.

PIRL 1300 RECEIVED TRAINING (WIOA)

Record if the participant has received training services.

PIRL 1302 DATE ENTERED TRAINING #1 (WIOA)

Record the date on which the participant’s first training service actually began.

PIRL 1309 and PIRL 1314 DATE ENTERED TRAINING #2 AND #3

These data elements are used when participants enter additional training as part of their planned training program. Grantees can enter up to three trainings for a participant. The date a participant entered the second training can be entered in PIRL 1309, and the date a participant entered the third training can be entered in PIRL 1314.

PIRL 1303, PIRL 1310, and PIRL 1315 TYPE OF TRAINING SERVICE #1, #2, AND #3
Grantees should use these data elements to report the training types when a date of training is entered in PIRL 1302, PIRL 1309 and PIRL 1314.

Tips:

- H-1B grantees have limited code values to report the WIOA PIRL data elements for types of training (see Table 5). The allowable codes for **PIRL 1303, 1310 and 1315 Type of Training for Service #1, #2 or #3** are as follows:
  - 01 = On the Job Training (non-WIOA Youth)
  - 02 = Skill Upgrading
  - 05 = Customized Training
  - 06 = Occupational Skills Training (non-WIOA Youth)
  - 09 = Registered Apprenticeship

- If the training participant enters an apprenticeship and the code value reported in **PIRL 931 Apprenticeship Type** is a “1” for Registered Apprenticeship Program (RAP), use 09 = Registered Apprenticeship.

- If the code value reported in **PIRL 931 Apprenticeship Type** is a “2” for Industry-Recognized Apprenticeship Program, use 06 = Occupational Skills Training.

</tbody>
</table>
PIRL 1332 PARTICIPATED IN POSTSECONDARY EDUCATION DURING PROGRAM PARTICIPATION (WIOA)

This PIRL data element is used to report if a participant was enrolled in a postsecondary education program that leads to a credential or degree from an accredited postsecondary education institution at any point during program participation.

Tips:

- All H-1B grant programs are postsecondary education programs.
- This data element relates to the credential indicator denominator and those who are recorded as 1 are included in the credential rate denominator.
- This element is a subset of PIRL 1811 Date Enrolled During Program Participation in an Education or Training Program Leading to a Recognized Postsecondary Credential or Employment, whereas some participants will be enrolled in programs leading to employment only but will not receive credentials.
- Do not record 1 if the participant was first enrolled in postsecondary education after exiting the program.

PIRL 1401 PARTICIPATION IN SECONDARY EDUCATION

This PIRL data element is required to generate a credential attainment rate in WIPS; however, as secondary education training is prohibited in H-1B-funded grants, this DE must always have a code value of “0”.

PIRL 1409 MOST RECENT DATE RECEIVED SUPPORTIVE SERVICES

Record the most recent date on which the participant received a supportive service. This date should be updated each quarter, as appropriate.

Tip:

- Services that are necessary to enable an individual to participate in training activities, including but not limited to transportation, child care, dependent care, housing, needs-related payments, and tools or supplies required to complete training.

NOTE: The dates that participants receive other types of services (i.e., case management services and assessment services) are recorded in PIRL 902 and PIRL 2103 respectively. These services may overlap and grantees should review their Statements of Work for the context of when and how services are provided to determine how to record them in WIPS.

PIRL Section IV – Program Outcomes Information (Data Elements 1800 – 1813)

Reporting Credential Outcomes

PIRL 1800, 1802, 1804: TYPE OF RECOGNIZED CREDENTIAL #1, #2, and #3 (WIOA)
PIRL 1801, 1803, 1805: DATE ATTAINED RECOGNIZED CREDENTIAL #1, #2, and #3 (WIOA)

These PIRL data elements are used to record the credential or certificate attainment outcomes that a participant receives as a result of completing the training program of an H-1B grant. This includes the type of recognized credential and the date that the credential was attained.

Note: If a participant earns more than three types of a credential or certificates as a result of the grant-funded training, grantees are encouraged to replace data for Training #3 with data for the highest credential received during the grant period of performance. For example, if a training program includes three interim credentials as part of their training program, the grantee should replace data about the third intermediate credential (date entered training, type of training service, etc.) with data for the highest credential attained (e.g. an associate’s degree). This ensures that the highest credential received is recorded for each participant.

Tips:

- Grantees may report up to three credentials that result from at least one training activity.
- If multiple credentials are awarded, grantees should report the highest level certificate and/or credential earned as it aligns to the grantee’s training design, including the H-1B industries and occupations identified in the grantee’s SOW.

For further guidance on credentials please refer to: TEGL 14-18 – Aligning Performance Accountability Reporting, Definitions, and Policies Across Workforce Employment and Training Programs Administered by the U.S. Department of Labor (DOL) and TEN 25-19 – Understanding Postsecondary Credentials in the Public Workforce System

Reporting Measurable Skill Gains

PIRL 1809 DATE OF MOST RECENT MEASURABLE SKILL GAINS: TRAINING MILESTONE

PIRL 1810 DATE OF MOST RECENT MEASURABLE SKILL GAINS: SKILLS PROGRESSION

These data elements are used to calculate the WIOA Primary Indicator of Performance, Measurable Skill Gains.

Record the most recent date on which the participant achieved a measurable skill gain.
This date should be updated each quarter, as appropriate.

Tips:

- For PIRL 1809, record the date a participant had a satisfactory or better progress report towards established milestones from an employer/training provider who is providing training. Training milestones include, but are not limited to, completion of on-the-job training, completion of one year of a registered apprenticeship program, or other milestones reached during training.
- For PIRL 1810, record the most recent date the participant successfully completed an exam that is required for a particular occupation, or progress in attaining technical or
occupational skills as evidenced by trade-related benchmarks such as knowledge-based exams.

Reporting Program Participation

PIRL 1811 DATE ENROLLED DURING PROGRAM PARTICIPATION IN AN EDUCATION OR TRAINING PROGRAM LEADING TO A RECOGNIZED POSTSECONDARY CREDENTIAL OR EMPLOYMENT (WIOA)

This PIRL data element is used to report if a participant was enrolled during program participation in an education or training program that leads to either a recognized postsecondary credential, including a secondary education program, or training program that leads to employment.

Reporting Training Completion

PIRL 1813 DATE COMPLETED DURING PROGRAM PARTICIPATION IN AN EDUCATION OR TRAINING PROGRAM LEADING TO A RECOGNIZED POSTSECONDARY CREDENTIAL OR EMPLOYMENT (WIOA)

This PIRL data element is used to report overall program completion for a participant and should not be reported until all of the planned training components (e.g., PIRL 1302 Training #1, PIRL 1309 Training #2, and PIRL 1314 Training #3) have been completed.

PIRL Section V – H-1B (Data Elements 2101 – 2700)

PIRL 2101 UNDEREMPLOYED: Participants should be reported in PIRL 2101 Underemployed Worker only if the individual meets the eligibility criteria of the specific FOA and the PIRL definition for underemployed.

Tip:

- Participants who are reported as underemployed workers must also be reported as employed in PIRL 400 Employment Status at Program Entry.
- Participants who are unemployed should not be reported as incumbent workers in PIRL 907 Recipient of Incumbent Worker Training.

Reporting Assessment and Specialized Services

PIRL 2103 MOST RECENT DATE RECEIVED ASSESSMENT SERVICES

In this data element, record the most recent date on which the participant received an assessment service (PIRL 2103). This date should be updated each quarter, as appropriate.

Tips:

- Assessment services are services that evaluate the skill levels, aptitudes, abilities,
competencies, integrated participant services, supportive service, and employment needs. They include, but are not limited to assistance with educational testing, payments and fees for employment and training-related applications, tests, and certifications, and other services related to the suitability and/or placement of a participant in training or employment.

**NOTE:** The dates that participants receive other types of services (i.e., case management services and supportive services) are recorded in PIRL 902 and PIRL 2103 respectively. These services may overlap and grantees should review their Statements of Work for the context of when and how services are provided to determine how to record them in WIPS.

**PIRL 2106 MOST RECENT DATE RECEIVED SPECIALIZED PARTICIPANT SERVICES**

The Funding Opportunity Announcements (FOAs) for the Rural Healthcare grant and the One Workforce grant do not define Specialized Services. **This data element should be left blank.**

**NOTE:** The dates that participants receive other types of services (i.e., case management services, supportive services, and assessment services) are recorded in PIRL 902, PIRL 1409, and PIRL 2103 respectively.

**H-1B PIRL Data Elements to Report Additional H-1B Training Types**

PIRL 2109-2117 are unique to H-1B grants and are used to more specifically provide information on the training activity on the PIRL data elements 1303, 1310 and 1315 (Type of Training Service #1, #2 or #3).

Up to three training activities can be reported for each of the three training types specified in PIRL 1303, 1310, and 1315.

If a grantee has entered PIRL 1303 Type of Training Service, a code value for PIRL 2019 Primary Type of Training Service for Training Activity #1 is required. Reporting training activity information using PIRL 2110 and PIRL 2111 for PIRL 1302 and PIRL 2112-2117 for 1310 and PIRL 1315 is optional (see table below).

For incumbent workers, grantees should enter code value 6 = Incumbent Worker Training; no further information on the training activity can be specified with any other code values.
Table 6. Reporting Training Outcomes (H-1B Data Elements)

</tbody>
</table>

*Required if PIRL 1303 is reported.

Reporting Employment Retention and Employment Placement

There are two categories to report employment placement outcomes after program completion, based on the participant’s employment status at program entry:

1) Entered Employment and Entered Training-Related Employment for unemployed and underemployed. These outcomes also include employed participants who do not fit into the definition of underemployed workers and who are not incumbent workers (see Attachment 1 H-1B Skills Training Grants Performance Reporting Definitions & Glossary for definitions of these terms); and

2) Employment Retention and Employment Advancement for incumbent workers

1) Entered Employment and Entering Training-Related Employment for Unemployed, Underemployed, and Employed Program Participants

Unemployed, Unemployed and Employed Participants Entered Employment After Program Completion

PIRL 2118 DATE ENTERED EMPLOYMENT:

This PIRL data element is used to report employment outcomes for unemployed, underemployed, and employed participants after they have completed all of their planned training components. This data element is a subset of PIRL 1813 Date Completed During Program Participation an Education or Training Program Leading to a Recognized Credential or Employment (WIOA), so
participants reported in PIRL 2118 must also be reported in PIRL 1813.

Tips:

- When a participant has completed their program, report the date of program completion in PIRL 1813. If the participant has also obtained employment, report the date they entered employment in PIRL 2118 Date Entered Employment to indicate that they are now a program completer who has obtained employment after completion.
- PIRL 2118 Date Entered Employment is not used to report employment outcomes for individuals who are employed at program participation with an employer if the grantee has an agreement with the employer to provide training to the participant. These individuals are considered incumbent workers.

PIRL 2126 ENTERED TRAINING-RELATED EMPLOYMENT AFTER TRAINING COMPLETION

This PIRL data element is used to report entered training-related employment if employment placement is related to the training provided through the grant.

This data element is a subset of PIRL 2118 Date Entered Training and PIRL 1813 Date Completed, During Program Participation, an Education or Training Program Leading to a Recognized Credential or Employment, so participants reported in PIRL 2126 must also be reported in PIRL 2118 and PIRL 1813.

2) Employment Retention or Employment Advancement for Incumbent Workers

Incumbent Workers Retained Current Position After Completion

PIRL 2119 INCUMBENT WORKERS RETAINED CURRENT POSITION IN THE 1st QUARTER AFTER PROGRAM COMPLETION

Tips:

- Incumbent workers reported in this outcome measure must meet the definition of incumbent worker as defined in the FOA. To report this outcome, grantees must have an agreement with the employer to provide training to its existing workforce.
- PIRL 2119 is used to report if an incumbent worker completes their program and retains their current position in the first quarter after program completion.

PIRL 2121 and PIRL 2123 INCUMBENT WORKERS RETAINED CURRENT POSITION IN THE 2nd and 3rd QUARTER AFTER PROGRAM COMPLETION will not be used by H-1B grantees and should be left blank.

Grantees do not need to report incumbent worker retention with an employer in the 2nd or 3rd quarter after completion, regardless of whether employment retention was successful in the 1st quarter.
Incumbent Workers Advanced to New Position After Completion

PIRL 2120, 2122 and 2124: INCUMBENT WORKERS ADVANCED INTO A NEW POSITION WITH CURRENT OR NEW EMPLOYER IN THE 1st, 2nd or 3rd QUARTER AFTER PROGRAM COMPLETION

These PIRL data elements are used to report if an incumbent worker has advanced to a new position that requires a higher level of skill, either with their current employer or new employer.

Incumbent workers reported in these outcome measures must meet the definition of incumbent worker as defined in the FOA. Grantees must have an agreement with the employer to provide training to the participants who are counted in this outcome. Incumbent worker participants must complete their program and advance into a new position with their current employer or advance into a new position with another employer.

If an incumbent worker advances in the 1st or 2nd quarter after completion, grantees do not need to track advancement for that participant in future quarters.

A participant cannot be counted in PIRL 2119 (Incumbent Workers Retained Current Position in the 1st Quarter) and in PIRL 2120, 2122, or 2124 (Incumbent Workers Advanced into a New Position with Current or New Employer in the 1st, 2nd or 3rd Quarter After Program Completion). If a participant is reported as retaining their current position in the 1st Quarter (PIRL 2119) and advances in the 2nd or 3rd quarter after completion, the grantee should update PIRL 2119 to “0” for no and report the appropriate data element corresponding to the quarter in which the participant advanced (PIRL 2122 or PIRL 2124). This ensures that all participants who advance are counted separately in the QPR from participants who retain but do not advance.

Tips:

- A new position of employment with a different employer may or may not have a different title or job description from the previous occupation.
  - Generally, a new position of employment with the same employer will have a title that is different from the title for the individual’s previous position and a new position-specific job description. If the title is the same, but the incumbent worker is applying advanced level of skills in their current job, it may count as an advancement to new employment.
  - As long as the incumbent worker utilizes the competency (or competencies) that was acquired through the H-1B grant-funded education/job training program in their new position, it can be counted as an advancement to new employment.
- An incumbent worker may have up to three quarters after program completion to advance in their position, and grantees may report these outcomes at any time during the three quarters after program completion.
- This employment outcome is reported in the actual reporting quarter in which the job advancement occurred.
• For example, if a participant completes training in the quarter ending 9/30 and advances in the 1st quarter after program completion, this outcome would be reported in the QPR in the quarter ending 12/31. The participant would not need to be tracked in the quarters ending 3/31 and 6/30 because the outcome has already been obtained.

• If a participant does not advance to a new position in the 1st quarter after program completion, PIRL 2120 INCUMBENT WORKERS ADVANCED INTO A NEW POSITION WITH CURRENT OR NEW EMPLOYER IN THE 1st QUARTER AFTER PROGRAM COMPLETION is 0 = No.

• If they advance in the 2nd quarter after program completion, PIRL 2022 INCUMBENT WORKERS ADVANCED INTO A NEW POSITION WITH CURRENT OR NEW EMPLOYER IN THE 2nd QUARTER AFTER PROGRAM COMPLETION is 1 = Yes.
  o In this example, PIRL 2024 INCUMBENT WORKERS ADVANCED INTO A NEW POSITION WITH CURRENT OR NEW EMPLOYER IN THE 3rd QUARTER AFTER PROGRAM COMPLETION is 0 = No because employment advancements are reported once in the participant record.

**Reporting Social Security Numbers**

Social Security Numbers (SSNs) should be requested from every grant participant. However, an individual does not have to disclose their SSN in order to receive grant-funded services. Social Security Numbers are used to calculate most of the WIOA primary indicators of performance on behalf of grantees through matching them with UI wage records provided through the Common Reporting Information System (CRIS).

**PIRL 2700 Social Security Number:** A code value is required for all H-1B grant participants that receive grant-funded services:

**Tips:**

• Grantees should enter a code value of 999999999 for PIRL 2700 when reporting eligible participants who choose not to disclose their SSNs.
• Grantees should enter the full SSN of participants who choose to disclose their SSNs.

**Important:** Only a valid SSN or code value 999999999 should be entered for PIRL 2700. Grantees should never report a false SSN or partial SSN.

Please see Section 7.1 Collection Personally Identifiable Information for additional details and technical assistance on collecting SSNs.

**Reporting Additional Information on Apprenticeship**

**PIRL 2901 Pre-Apprenticeship Program Status**
PIRL 2907 Apprenticeship Program Status

These data elements are not in use for H-1B One Workforce and Rural Healthcare grantees and should be left blank.

Tip:

- Grantees should maintain columns for each of these data elements in the data file to avoid data file errors.

PIRL 2908 Date Started Apprenticeship

PIRL 2909 Expected Completion Date

PIRL 2911 Date Completed Apprenticeship

Information about Registered Apprenticeship Program (RAP) and Industry-Recognized Apprenticeship Program (IRAP) participation recorded in PIRL 931 Apprenticeship Type may optionally be reported in PIRL 2908 Date Started Apprenticeship, PIRL 2909 Expected Completion Date and PIRL 2911 Date Completed Apprenticeship.

Tips:

- If a participant enters more than one apprenticeship as one of their training components during the grant period, only the first apprenticeship type should be reported in PIRL 931 and if PIRL 2908, 2909 and 2911 are used, the information reported should correspond with this first apprenticeship. Additional apprenticeship information may be reported as training in PIRL 1309 Date Entered Training #2 and PIRL 1314 Date Entered Training #3. Please see PIRL 1309/PIRL 1314 for further instructions.
- Pre-apprenticeship information should not be reported in these data elements.

3.4. PIRL DATA ELEMENTS CORRESPONDING WITH PERFORMANCE OUTCOME TARGETS

DOL asked grantees to provide targets for the H-1B real-time outcome measures, which are specifically tailored for H-1B grants and are explained in Section II of this Handbook. In addition, Attachment 4: Reporting the Six Real-Time Outcomes for H-1B Skills Training Grants provides a visual representation of which PIRL data elements correspond to each of the real-time outcome measures.

Please review Attachment 3: H-1B QPR Outcome Measure Definitions and Aggregation Rules in this Handbook for a complete list of all QPR outcomes and information about how they correspond to PIRL data elements.
SECTION IV: ACCESSING THE WORKFORCE INTEGRATED PERFORMANCE SYSTEM (WIPS)

4.1. DOL PERFORMANCE REPORTING SYSTEM - WORKFORCE INTEGRATED PERFORMANCE SYSTEM (WIPS)

DOL uses the web-based reporting system WIPS for H-1B grantees to submit the Quarterly Performance Report (QPR) and the Quarterly Narrative Report (QNR).

WIPS is an online, password-protected system that allows grantees to:
1. Upload a .csv or .txt data file with participant data;
2. Verify that data is correct using a series of logic and validation checks;
3. Generate and certify an H-1B QPR using H-1B aggregation rules;
4. View and add comments to an H-1B QPR; and
5. Generate and certify an H-1B QNR in WIPS.

4.2 ACCESS TO THE WORKFORCE INTEGRATED PERFORMANCE SYSTEM (WIPS)

DOL issues a user account and password to access the reporting system to the authorized representative of each grant.

Grant authorized representatives may also request an additional WIPS account which allows the user to submit and edit performance data and Quarterly Narrative Reports (QNRs) in WIPS. However, only the authorized representative may certify and submit the QPR and QNR each quarter. Please review the H-1B WIPS User Role Policy for more information.
As of January 15, 2022, WIPS grantee users will need to establish a Login.gov account to access WIPS. Login.gov is a secure sign in service used by the public to sign in to participating government agencies. This change is part of a government-wide initiative to upgrade all public access to Federal online systems to include multifactor authentication and encryption and improve online security.

DOL has released a Login.gov User Guide, which is available on the Performance Reporting Resources page for your grant. Grantees that currently have a WIPS account and have an established Login.gov account, should use this guide and follow steps 1 through 6 below. This will link the current WIPS account to Login.gov and ensure grantees can continue to utilize the system. Note that after January 15, 2022 grantees that have not migrated their accounts over to Login.gov will not be able to access WIPS until a Login.gov account is set up.

Grantees that do not have a current WIPS account or a Login.gov account, should follow all of the steps in the User Guide (1 through 17) to gain access.

If grantees need further assistance with their password or user account, they should contact the WIPS Technical Assistance Request Link.
SECTION V. GUIDANCE FOR GENERATING AND CERTIFYING A QUARTERLY PERFORMANCE REPORT (QPR)

An H-1B QPR is an aggregated report of quarterly performance outcomes. The H-1B QPR aggregates real-time performance measures and the WIOA primary indicators of performance. The H-1B QPR is generated through participant-level data files that are uploaded in WIPS, and creates a snapshot of the grant’s progress to date.

Grantees will submit a .csv data file or a .txt file of participant level information in WIPS to generate the H-1B QPR. The participant-level data file includes information on all participants served from the start of the grant through the most current reporting quarter. After a grantee successfully uploads the participant-level data file into WIPS, the system will generate an H-1B QPR that can be viewed, downloaded, and formally submitted to DOL.

Once a grantee has uploaded participant-level data and has verified that the information is accurate, they should indicate that the report is final by selecting the “Certify” button in WIPS. Certifying the report indicates that the grantee’s authorized representative certifies that the data submitted is complete, true, and accurate to the best of his or her knowledge.

Please see Attachment 2: H-1B QUARTERLY PERFORMANCE REPORT (QPR) and Attachment 3: H-1B QPR OUTCOME MEASURE DEFINITIONS AND AGGREGATION RULES for further guidance on generating the quarterly performance report.

Important Note: Should changes in definitions resulting from new policy or legislation occur, appropriate revisions will be issued to reflect these changes.

Grantees should also review the H-1B Reporting Toolkit & WIPS Technical Guide, which provides information about how to track and collect data, as well tips for how to ensure that the data reported in WIPS is accurate.
SECTION VI: GUIDANCE FOR SUBMITTING A QUARTERLY NARRATIVE REPORT (QNR)

6.1 SUBMITTING THE QNR IN WIPS

As part of Quarterly Progress Report requirements, H-1B grants are required to submit a QNR. A QNR is a written report that reflects grant program activities that complement the quantitative data reported on the QPR. Grantees may also report information that the QPR does not reflect, as well as identify technical assistance needs and/or grant program highlights from the latest reporting quarter. Grantees are required to use the OMB-approved QNR template.

The Joint Quarterly Narrative Performance Report (ETA-9179) is provided as Attachment 5 at the end of this document.

Using their WIPS account, each grant program will submit the QNR directly into WIPS. The online form is identical to the OMB-approved Joint Quarterly Narrative Performance Report Template (ETA-9179). Grantees should complete the form using the fields provided in WIPS.

Inactive users will be automatically logged out after 30 minutes of inactivity. WIPS does not consider typing within fields to be system activity. To avoid losing data, grantees may wish to type their responses into a Word document first and then cut and paste the final text into the appropriate sections in WIPS.

Once a grantee has completed the QNR and has verified that the information is accurate, they should indicate that the report is final by selecting the “Certify” button on the QNR. Certifying the report indicates that the grantee’s authorized representative certifies that the data submitted is complete, true, and accurate to the best of his or her knowledge.

Grantees may also submit up to five supplemental documents (in Word or pdf format) to support their QNR submission.
SECTION VII – DOL DATA STANDARDS

7.1 COLLECTING PERSONALLY IDENTIFIABLE INFORMATION (PII)

As part of their grant activities, grantees may have in their possession large quantities of personally identifiable information (PII) relating to their organization and staff, sub-grantee and partner organizations and staff, and/or individual program participants. This information is generally found in personnel files, participant data sets, performance reports, program evaluations, grant and contract files, and other sources.

Federal agencies are required to take aggressive measures to mitigate the risks associated with the collection, storage, and dissemination of sensitive data, including PII. As the grantor agency, ETA has provided the Training and Employment Guidance Letter (TEGL) NO. 39-11 to grantees to notify them of the specific requirements that grantees must follow pertaining to the acquisition, handling, and transmission of PII.

**Social Security Numbers**

H-1B grantees are required to request participants’ complete and accurate Social Security Numbers (SSNs); however, providing SSNs is voluntary and participants cannot be denied services if they choose not to disclose their SSN. Grantees should also ensure that, when they are collecting this information from participants, they inform the participants of the purpose of requesting SSNs, in accordance with the American Competitiveness and Workforce Improvement Act (ACWIA), which directs the Secretary to require grantees to report on the employment outcomes obtained by workers receiving training under this section.

**What is the Purpose of Collecting SSNs?**

The collection of this information assists DOL and the grantee to track the long-term success of the training program.

The Department, on behalf of the grantees, uses CRIS to match SSNs with employment data available from State UI and other administrative wage records (e.g., Federal and Military employment). This matching procedure is necessary in order for DOL to collect consistent and reliable aggregate outcome information for each grantee by calculating a set of WIOA primary indicators of performance that includes employment rate and median earnings.

**Technical Assistance Tips for Collecting SSNs from Program Participants**

For grantees encountering issues in collecting SSNs from training participants, DOL grantees who have been successful in collecting this information have recommended the following:
1. Make the “ask” at intake or enrollment instead of waiting until later in the process.

2. Include statement/disclaimer language directly under the SSN field of an intake or enrollment form identifying: why this information is requested, the security of this information, what it is used for, and how it benefits the program to measure program success (see two examples below).

3. Ask case managers (or other appropriate staff) to follow-up in person or by phone with any participant who does not disclose their SSN as a part of the enrollment process. Individuals may not provide their SSN because they do not understand the need for this information. Staff familiar with the enrollment process should explain to participants the value this information provides the grantee and DOL with regard to measuring outcomes and how this information is used.

**Disclaimer Language Examples:**

**Sample #1** This project was funded by a grant awarded under the XXXX Grants, as implemented by the U.S. Department of Labor’s Employment and Training Administration. The collection of this information helps to track the long-term success of this training program. Your personal information is kept confidential and secure and will not be shared with any outside agencies other than those involved with the support or oversight of the XXXX Grant received by Sample Community College and issued by the U.S. Department of Labor. The information collected through your participation in grant supported training activities will never be sold or shared with third party agencies. Please direct any additional questions concerning the use of your personal information to Jane Green, Program Director at 856-691-XXXX.

**Sample #2** The Information Technology (IT) program in which you are enrolled is made possible in part through a grant from the United States Department of Labor, Employment and Training Administration. This grant is a XXXX Grant titled “IT Jobs for Tomorrow,” a partnership between Any College of Technology and Where Community College. As part of IT Jobs for Tomorrow’s federal grant, we are required to obtain information from project participants and asked to track how well the students who participate in the program succeed in the workforce and other related outcomes. The information gathered will be used to help determine if the training is successful and in what areas we might need to improve.

In addition to requesting a range of information from project participants, including demographic information, the use of your Social Security Number is also requested in order to access wage and employment information through state databases. Although you cannot be denied service for failure to provide your Social Security Number, we strongly encourage you to provide it in order to enable the project to quantify specific employment-related outcomes. Your personal information will be kept confidential and will never be sold or shared outside of the purposes stated above.

**Important note:** If an eligible participant chooses to not disclose an SSN, a code value of 999999999 should be entered for PIRL 2700 (Social Security Number). Grantees must secure PII such as SSNs, and should ensure that, when they are collecting this information, they inform participants about why they are asking them to provide their SSNs, in accordance with ACWIA.
7.2 RECORD RETENTION REQUIREMENTS

Grantees must follow Federal guidelines on record retention. Grantees are required to maintain all electronic and hard-copy records pertaining to grant activities for at least three years after final award close-out. See the applicable grant Funding Opportunity Announcement (FOA) and 2 CFR 200.333-.337 for more specific information.

For further guidance on handling the protection of Personally Identifiable Information (PII) please refer to:

The following glossary of performance reporting terms are provided for further guidance on the definitions of terms as it applies to H-1B grants.

**APPRENTICESHIP:**

**Registered Apprenticeship Programs** (RAPs) are a proven model of job preparation, validated by the U.S. Department of Labor or a State Apprenticeship Agency (SAA) that combines paid on-the-job training (OJT) with related instruction to progressively increase workers’ skill levels and wages. RAPs are also a business-driven model that provides an effective way for employers to recruit, train, and retain highly skilled workers. Registered Apprenticeship allows employers to develop and apply industry standards to training programs, thereby increasing productivity and the quality of the workforce. RAPs offer job seekers immediate employment opportunities that pay sustainable wages and offer advancement along a career path. Graduates of RAPs receive nationally recognized, portable credentials, and their training may be applied toward further post-secondary education.

Registered Apprenticeship Program sponsors often work directly with community colleges that ultimately provide college credit for Registered Apprenticeship Programs. 21st century apprenticeship approaches are flexible and can be easily customized to meet the needs of the employer and apprentice. Apprentices are hired as employees and earn a wage upon registration, and receive progressive wage increases commensurate with their skill attainment throughout the training program.

Registered Apprenticeship Program training is distinguished from other types of workplace training by several factors: (1) participants who are newly hired (or already employed) earn wages from employers during training; (2) programs must meet national standards for registration with the U.S. Department of Labor (or federally-recognized SAAs); (3) programs provide on-the-job learning and job-related technical instruction; (4) on-the-job learning is conducted in the work setting under the direction of one or more of the employer’s personnel; and 5) training results in an industry-recognized credential, and sometimes college credit.

**Industry-Recognized Apprenticeship Programs** (IRAPs): Industry-Recognized Apprenticeship Programs are high-quality apprenticeship programs recognized as such by a Standards Recognition Entity (SRE) pursuant to the DOL’s standards. These programs provide individuals with opportunities to obtain workplace-relevant knowledge and progressively advancing skills. IRAPs include a paid-work component and an educational component and result in an
industry-recognized credential. An IRAP is developed or delivered by entities such as trade and industry groups, corporations, non-profit organizations, educational institutions, unions, and joint labor-management organizations. For more information on IRAPs please visit: https://www.apprenticeship.gov/industry-recognized-apprenticeship-program.

**ASSESSMENT SERVICES:** Services that evaluate the skill levels, aptitudes, abilities, competencies, integrated participant services, supportive service, and employment needs. They include, but are not limited to assistance with educational testing, payments and fees for employment and training-related applications, tests, and certifications, and other services related to the suitability and/or placement of a participant in training or employment.

**CASE MANAGEMENT SERVICES:** Services involve coordinating the appropriate resources and other services for a participant based on his or her needs. Case management services include, but are not limited to information gathering, monitoring and evaluating, and other services pertaining to the facilitation of resources.

**CONTEXTUALIZED (OR CONTEXTUAL) LEARNING ACTIVITIES:** Workforce activities that build meaningful relationships between abstract ideas and practical applications in the context of the real world. Contextual learning occurs when students process information or knowledge in such a way that it makes sense to them in their frame of reference. Such learning is usually a reality-based, outside-of-the-classroom experience that occurs within a specific context, and may include paid internships and paid work experience, among others activities.

**CUSTOMIZED TRAINING:** H-1B grants have a unique definition of customized training, namely, training that is designed to meet the special requirements of an employer (or group of employers), and is conducted with a commitment by the employer to employ, or in the case of incumbent workers, continue to employ, the individual on successful completion of the training.

**DATA ELEMENTS:** Also referred to as PIRL DEs, they are unique identifiers that enable DOL to collect information required to assess the performance of Federal investments for various training and employment programs. H-1B PIRL data elements are defined in the **2021 PIRL for H-1B grants**. Each PIRL data element includes a number, name, field type and length, definition and instruction and code values. These data elements are used to record participant-level data, track participant outcomes used for Quarterly Progress Reports, and assess the grantee’s internal progress.

**EMPLOYED:** Individuals who are appropriately skilled for the level at which they are working, such as lower-skilled workers in low-skilled employment. (See also INCUMBENT WORKER for distinctions between the two, with respect to performance reporting.)
EXIT: H-1B participants are considered to be in exit status from the program when they have not received any services funded by the program for 90 consecutive calendar days, have no gap in service, and are not scheduled for future services. The date of exit is reported retroactively by the grantee in PIRL 901 after 90 days (or three quarters) using the last day on which the individual received a service funded by the grant program.

PIRL 901 (Date of Program Exit) is used to collect and report the date of exit. For exit-based performance measures (WIOA Primary Indicators of Performance), the quarter for reporting these measures is determined by the quarter in which the date of exit occurs. For example, if the date of exit is between January 1st and March 31st, the participant’s exit date would not be reported until the next reporting quarter ending June 30th.

Note: If a participant returns to your training program after they have exited the program, you would treat this participant as a new participant.

INCUMBENT WORKER: Individuals who are employed but need training to upgrade their skills to secure full-time employment, advance in their careers, or retain their current occupations in H-1B occupations and industries. Incumbent workers are workers for whom attaining new skills and competencies can help advance them into middle- and high-skilled jobs with their current employer. This definition includes newly hired workers and workers whose hours have been reduced and/or earnings have declined.

The training provided to incumbent workers is developed with an employer or employer association. This means the training is developed in collaboration with the employers with which the incumbent workers are employed when they are determined to be eligible to participate. In regards to performance reporting, participants determined eligible as incumbent workers should be reported as code value #4 in PIRL 907 (Recipient of Incumbent Worker Training) if they meet the specific FOA definition.

ON-THE-JOB TRAINING (OJT): Under this Announcement, OJT is available only for unemployed and underemployed individuals. Incumbent workers are not eligible for OJT under the One Workforce and Rural Healthcare Funding Opportunity Announcements (FOA) and grantees are specifically prohibited from spending grant funds on payment of wages of incumbent workers. OJT is provided under a contract with an employer in the public, private-nonprofit, or private sector. Under the OJT contract, the employer pays wages to the participant, and occupational training is provided for the participant in exchange for the reimbursement to the employer of a percentage of the participant’s wage rate to compensate for the employer’s extraordinary costs of training the individual (subject to the policy exceptions described in the FOA).

PAID WORK EXPERIENCE and INTERNSHIPS
Work experience and internships are defined as a planned, structured learning experience that takes place in a workplace for a limited period and, for the purposes of H-1B grants, must be paid. Labor standards apply where an employee/employer relationship, as defined by the Fair Labor Standards Act (FLSA), exists. For more information on the FLSA, applicants may visit http://www.dol.gov/whd/.

While grantees have flexibility in the design and implementation of work experience and internships but must meet the following parameters:

i. Provide an individual with monitored or supervised work or service experience in their expected career field where the individual has prescribed learning goals and reflects actively on what they are learning throughout the experience. These learning goals may include: (a) academic learning, career development, and skill development; and (b) the attainment of credentials in the individual’s expected career field;

ii. Are part of structured programs where the grantee established the criteria for determining who will participate in these programs; and

iii. Are for a set period.

**Internships** are a type of paid work experience that may be flexible to allow interns to spend limited time in the classroom; support the attainment of credentials in the individual’s expected career field (where such credentials exist); relate to training provided through the grant and help participants prepare for employment opportunities on which the grant focuses; and, not necessarily carrying an offer of regular employment upon successful completion of the internship.

**Paid work experience** is defined as a planned and structured earning experience that takes place in a workplace for a limited period of time.

**PARTICIPANT:** A participant is any individual who receives an H-1B grant-funded service beyond a determination of eligibility. Individuals who receive only a determination of eligibility to participate in the program, but do not begin receiving services, are NOT considered participants. Grant-funded services are allowable services and education and training activities applicable to the grantees’ SOW and the applicable FOA.

Individuals who receive services funded solely with leveraged resources (i.e., no services are provided with grant or match funds) are not considered grant participants. Grantees must not include individuals funded solely with leveraged resources in the data file that is uploaded to WIPS. However, individuals who receive services either with grant or match funds, or a combination of both, are considered program participants. Grantees should include individuals funded with grant or match funds as a participant using PIRL data element 900 Date of Program Entry in the data file that is uploaded to WIPS.
PARTICIPANT DATA FILE: Electronic data files store information for a specific application for later use. Data files are a set of participant-level records with data element code values that describe the activities of each participant. This information is tracked and submitted to DOL in one data file for each reporting quarter. Grantees should upload one comprehensive data file of all participant records served grant-to-date. This file is updated each quarter and resubmitted in WIPS for the appropriate reporting quarter.

PARTICIPANT RECORDS: Each individual that is determined eligible for your program and participates in a grant-funded service will be tracked according to the data elements and edit checks provided in the Amended ETA-9172- DOL-only Participant Individual Records Layout (PIRL) for H-1B grants. Based on information grantees track in a participant’s case file, each individual will have a single record detailing their demographics, training activities, and program outcomes in your data file.

Figure 1-1. Generating a QPR Using a Grantee’s Data File

PERIOD OF PARTICIPATION: The period of participation refers to the period of time beginning when an individual becomes a participant and ending on the participant’s date of exit from the program.

PRE-APPRENTICESHIP: Pre-apprenticeship services and programs are designed to prepare a diverse pool of individuals to enter and succeed in apprenticeship by providing career-specific training and readiness skills needed on the job. In addition to providing preparatory skills for future apprentices, pre-apprenticeship training can be an effective vehicle to streamline the recruitment process and help move job-ready apprentices into apprenticeship. For grant projects under the One Workforce and Rural Healthcare FOAs, applicants may propose pre-apprenticeship programs to serve as on-ramps to apprenticeship opportunities, as long as the training is on a career pathway that leads to middle- to high-skilled occupations.

Note: Completion of a pre-apprenticeship training activity does not equal training program completion. Pre-apprenticeship in One Workforce and Rural Healthcare grants is proposed as an entry point to an apprenticeship program and is one component of a participant’s planned training program.

REAL-TIME PERFORMANCE MEASURE: Grantees provided outcome targets for these performance indicators in their grant statement of work, and the targets set for these measures
are used to evaluate program outcomes during the period of performance. H-1B grantees are required to track and report these employment and training outcome measures for program participants in the reporting quarter in which the outcome occurred.

RECOGNIZED POSTSECONDARY CREDENTIAL: Credentials awarded in recognition of an individual’s attainment of measurable technical or industry/occupational skills necessary to gain employment or advance within an industry/occupation. These technical or industry/occupational skills generally are based on standards developed or endorsed by businesses or industry associations. Recognized postsecondary credentials reflect technical or industry/occupational skills for the specific industry/occupation rather than general skills related to safety, hygiene, etc., even if such general skills certificates are broadly required to qualify for entry-level employment or advancement in employment.

These credentials are an attestation of qualification or competence issued to an individual by a third party (such as an educational institution or an industry or occupational certifying organization) with the relevant authority or expertise to issue such a credential. The terms most commonly used for educational credentials are: diploma, certificate, and degree. For further guidance on credentials please refer to: TEGL 14-18 – Aligning Performance Accountability Reporting, Definitions, and Policies Across Workforce Employment and Training Programs Administered by the U.S. Department of Labor (DOL) and TEN 25-19 – Understanding Postsecondary Credentials in the Public Workforce System

SUPPORTIVE SERVICES: Services that are necessary to enable an individual to participate in training activities, including but not limited to transportation, child care, dependent care, housing, needs-related payments, and tools or supplies required to complete training.

TRAINING ACTIVITY COMPLETION: A program may include up to three training activities associated with a training start date and end date. WIPS is designed to capture three planned training activities and up to three types of training that include primary, secondary and tertiary training types per individual served. As a result, grantees may report up to three training activities and up to nine types of training (primary, secondary, and tertiary) in WIPS for each participant served.

Note: Completion of a training activity does not equal training program completion.

TRAINING PROGRAM COMPLETION: A training program completer is a participant who is enrolled in a grant-funded training program and has completed all training activities necessary for successful program completion and exit. Successful completion is determined by the grantee and could include achieving a certain grade or passing a pass/fail program. Some grantees’ education/training activities are comprised of a series of courses or activities, and the intent of their education/training activities is for individuals to complete the entire series of
courses or activities. In this case, “successful completion” should be defined as finishing the entire series of courses or activities.

**UNDEREMPLOYED**: Individuals who are not currently connected to a full-time job commensurate with the individual’s level of education, skills, or wage and/or salary earned previously, or who have obtained only episodic, short-term, or part-time employment. Participants should be reported in PIRL 2101 (Underemployed Worker) only if the individual meet the specific PIRL definition for underemployed.

**UNEMPLOYED**: Individuals who are not employed but are seeking employment, and are available for work.

**WIOA PRIMARY INDICATORS of PERFORMANCE**: Measures that are used to assess performance across numerous programs administered by the Department of Labor (DOL).

One Workforce and Rural Healthcare grantees were required to provide targets for the Employment Rate in the 2nd and 4th quarters after exit, however, DOL will track the progress toward these targets on behalf of grantees using wage records obtained with participant data submitted by grantees in WIPS.

**H. EFFECTIVENESS IN SERVING EMPLOYERS**

1. Retention with the Same Employer in the 2nd and 4th Quarter After Exit
   (Cohort Period: mm/dd/yyyy - mm/dd/yyyy) | H-3
The definitions of each of the H-1B QPR outcome measures are provided below. These definitions are from TEGL 14-18, the Amended H-1B PIRL data elements and aggregation rules, and the H-1B grant Funding Opportunity Announcements. Numbering in the table corresponds to that of the QPR represented in *Attachment 2: H-1B QUARTERLY PERFORMANCE REPORT (QPR)*.

*Please keep in mind PIRL 938 (H-1B) is present in many of the “PIRL DATA ELEMENTS REQUIRED FOR QPR AGGREGATION” columns, but is excluded for the purposes of this attachment.

<table>

<tbody>
<tr>
<td><strong>A. GRANT SUMMARY INFORMATION</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>1. Total Exiters</td>
<td>The total number of participants who exited the program during the applicable reporting period. Exit from the program occurs when a participant has not received any services funded by the program for 90 consecutive calendar days and has no gap in service and is not scheduled for future services. The date of exit is applied retroactively to the last day on which the individual received a service funded by the program.</td>
<td>PIRL 901, Date of Exit</td>
</tr>
</tbody>
</table>
| 2. Total Participants Served | The total number of unique participants (new and current) who were participants for at least one day during the relevant reporting period. A participant is any individual who is determined eligible to participate in the grant program and receives a service funded by the grant. Individuals who receive only a determination of eligibility to participate in the program but do not begin receiving services are NOT considered participants. | PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit                     |
| 3. New Participants Served | The total number of unique participants who, following a determination of eligibility, began receiving their first grant-funded service during the current quarter. Participants should only be included once, even if they enroll in multiple training programs. | PIRL 900, Date of Program Entry               |
### B. PARTICIPANT SUMMARY INFORMATION

#### Gender

| 1a. Male | The total number of participants who self-identify their gender as male. | PIRL 201, Sex  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
|---|---|---|
| 1b. Female | The total number of new participants who self-identify their gender as female. | PIRL 201, Sex  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |

#### Ethnicity/Race

| 2a. Hispanic/Latino | The total number of participants who self-identify their ethnicity as Hispanic/Latino. The term Hispanic/Latino includes persons of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture in origin, regardless of race. | PIRL 210, Hispanic/Latino  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 2b. American Indian or Alaskan Native | The total number of participants who self-identify their race as American Indian or Alaskan Native. The racial category American Indian or Alaska Native includes members of an Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in or established pursuant to the Alaska Native Claims Settlement Act (85 Stat. 688) [43 U.S.C. 1601 et seq.] | PIRL 211, American Indian  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 2c. Asian | The total number of participants who self-identify their race as Asian. The racial category Asian includes persons having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent (e.g., Bangladesh, Bhutan, India, Nepal, Pakistan, Sri Lanka, and Sikkim). This area includes, for example, Cambodia, China, Japan, Korea, Malaysia, the Philippine Islands, Thailand, and Vietnam. | PIRL 212, Asian  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 2d. Black or African American | The total number of participants who self-identify their race as Black or African American. The racial category Black or African American includes persons having origins in any of the black racial groups of Africa. | PIRL 213, Black/African American  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 2e. Native Hawaiian or Other Pacific Islander | The total number of participants who self-identify their race as Native Hawaiian or Other Pacific Islander. The racial category Hawaiian Native or Other Pacific Islander includes | PIRL 214, Native Hawaiian/Other Pacific Islander  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
<table>
<thead>
<tr>
<th>Row</th>
<th>Description</th>
<th>Code</th>
<th>Notes</th>
</tr>
</thead>
</table>
| 2f. White | The total number of participants who self-identify their race as White. The racial category White includes persons having origins in any of the original peoples of Europe, the Middle East, or North Africa. | PIRL 215, White | PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 2g. More Than One Race | The total number of participants who self-identify more than one of the racial categories outlined in Rows C.2b through C.2f above. | PIRL 211, American Indian  
PIRL 212, Asian  
PIRL 213, Black/African American  
PIRL 214, Native Hawaiian/Other Pacific Islander  
PIRL 215, White  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| **Education Status at Participation** | | |
| 3a. Secondary School Graduate or Equivalent | The total number of participants that attained a secondary school diploma or secondary school equivalency. | PIRL 408, Highest Educational Level Completed at Program Entry (WIOA)  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 3b. Completed 1 or more years of Postsecondary Education | The total number of participants that completed 1 or more years of Postsecondary Education. | PIRL 408, Highest Educational Level Completed at Program Entry (WIOA)  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 3c. Postsecondary Certification, License, or Educational Certificate (non-degree) | The total number of participants that attained a postsecondary technical or vocational certificate (non-degree). | PIRL 408, Highest Educational Level Completed at Program Entry (WIOA)  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 3d. Associate's Degree | The total number of participants that attained an Associate's degree. | PIRL 408, Highest Educational Level Completed at Program Entry (WIOA)  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 3e. Bachelor's Degree or Equivalent | The total number of participants that attained a Bachelor's degree. | PIRL 408, Highest Educational Level Completed at Program Entry (WIOA) |
### Other Demographics (as it applies)

| 4a. Youth and Young Adults, Ages 17 – 29 | The total number of participants whose age is between 17 and 29 at program entry. | PIRL 200, Date of Birth  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4b. Individuals with a Disability | The total number of participants that have a physical or mental impairment that substantially limits one or more of the person's major life activities. | PIRL 202, Individual with a Disability  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4c. Individuals with Limited English Proficiency (English Language Learners) | The total number of participants at program entry, whom have limited ability in speaking, reading, writing or understanding the English language and also meet at least one of the following two conditions: (a) his or her native language is a language other than English, or (b) he or she lives in a family or community environment where a language other than English is the dominant language. | PIRL 803, English Language Learner at Program Entry  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4d. Individuals with Criminal Records (Ex-Offenders) | The total number of participants who either have been subject to any stage of the criminal justice process for committing a status offense or delinquent act, or require assistance in overcoming barriers to employment resulting from a record of arrest or conviction. | PIRL 801, Ex-Offender Status  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4e. Eligible Veterans | The total number of participants who are eligible for veterans’ priority of service under WIOA. See [TEGL No. 10-09](https://www.dol.gov/eo/tegl). | PIRL 301, Eligible Veteran Status  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4f. Low-income individuals | The total number of participants who meet the definition of low-income individuals under WIOA [PIRL 802 Low Income Status at Program Entry](https://www.dol.gov/eo/tegl). | PIRL 802, Low Income Status at Program Entry  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |
| 4g. Individuals 55 years and Older | The total number of participants whose age is 55 or older at program entry. | PIRL 200, Date of Birth  
PIRL 900, Date of Program Entry  
PIRL 901, Date of Exit |

### C. WIOA PRIMARY INDICATORS OF PERFORMANCE
| **1. Employment Rate (Q2)** (Cohort Period: mm/dd/yyyy - mm/dd/yyyy) | The percentage of participants who are in unsubsidized employment during the second quarter after exit from the program. | PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit  
PIRL 1602, Employed 2\textsuperscript{nd} Quarter after Exit Quarter |
|---|---|---|
| **2. Employment Rate (Q4)** (Cohort Period: mm/dd/yyyy - mm/dd/yyyy) | The percentage of participants who are in unsubsidized employment during the fourth quarter after exit from the program. | PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit  
PIRL 1606, Employed 4\textsuperscript{th} Quarter after Exit Quarter |
| **3. Median Earnings** (Cohort Period: mm/dd/yyyy - mm/dd/yyyy) | The median earnings of participants who are in unsubsidized employment during the second quarter after exit from the program. | PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit  
PIRL 1704, Wages 2\textsuperscript{nd} Quarter after Exit Quarter |
| **4. Credential Rate** (Cohort Period: mm/dd/yyyy - mm/dd/yyyy) | The percentage of those participants enrolled in an education or training program (excluding those in on-the-job training (OJT) and customized training) who attain a recognized postsecondary credential during participation in the program or within one year after exit from the program. | PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit  
PIRL 1303, 1310, 1315 Type of Training #1, # 2, # 3  
PIRL 1332, Participated in Postsecondary Education During Program Participation  
PIRL 1401, Enrolled in Secondary Education Program  
PIRL 1406, Date Enrolled in Post-Exit Education or Training Program Leading to a Recognized Postsecondary Credential  
PIRL 1602, 1604, 1606, 1608, Employed 1\textsuperscript{st}, 2\textsuperscript{nd}, 3\textsuperscript{rd}, 4\textsuperscript{th} Quarter after Exit Quarter  
PIRL 1800, 1802, 1804, Type of Recognized Credential #1, #2, #3  
PIRL 1801, 1803, 1805, Date Attained Recognized Credential #1, #2, #3 |
| **5. Measurable Skill Gains** (Cohort Period: ) | The percentage of program participants who, during a program year, are in an education or training program that leads to a recognized postsecondary credential or employment and | PIRL 900, Date of Program Entry  
PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit |
who are achieving measurable skill gains, defined as documented academic, technical, occupational, or other forms of progress, towards such a credential or employment.

3 H-1B GRANT TRAINING MODELS – VARIOUS modes (or models?) are H-1B grants in which various or multiple training design types are allowable as per the Funding Opportunity Announcement and are specified by and implemented according to each grantee’s individual Statement of Work (e.g., One Workforce Grants, Rural Healthcare Grants, etc.). They are not limited or restricted to any particular training type (e.g., apprenticeships, etc.). H-1B GRANT TRAINING MODELS – APPRENTICESHIPS are H-1B grants in which training design types are limited to apprenticeships as per the Funding Opportunity Announcement (i.e., Scaling Apprenticeship and Apprenticeships: Closing the Skills Gap). As per the aggregation rule in the PIRL, a different data element is used to aggregate QPR Outcome “6. Began Receiving Education/Job Training Activities for each of the two types.”
| **6b. Entered in Incumbent Worker Training Activities** | The total number of incumbent worker participants that receive incumbent worker training as part of grant-funded education or training activities. | PIRL 900, Date of Program Entry

### 3. Incumbent Workers that Advanced into New Position

The total number of participants that were incumbent workers when they entered the training program, and have advanced into a new position with their current or new employer within one year of completion of the training program.

PIRL 907, Recipient of Incumbent Worker Training  
PIRL 1813, Date Completed an Education an Education or Training Program Leading to a Recognized Postsecondary Credential or Employment  
PIRL 2120, Incumbent Workers Advanced into New Position with Current Employer or New Employer; OR  
PIRL 2122, Incumbent Workers Advanced into New Position with Current Employer or New Employer in the 2nd Quarter after Program Completion; OR  
PIRL 2124, Incumbent Workers Advanced into New Position with Current Employer or New Employer in the 3rd Quarter after Program Completion

### H. EFFECTIVENESS IN SERVING EMPLOYERS

#### 1. Retention with the Same Employer 2nd and 4th Quarter After Exit (Cohort Period: mm/dd/yyyy - mm/dd/yyyy)

The percentage of program participants who exit and are employed with the same employer in the second and fourth quarters after exit.

PIRL 901, Date of Program Exit  
PIRL 923, Other Reasons for Exit  
PIRL 1602, Employed 2nd Quarter after Exit (WIOA)  
PIRL 1618, Retention with the Same Employer in the 2nd Quarter and the 4th Quarter (WIOA)

**Important Note:** For the WIOA primary indicators of performance highlighted in orange above DOL will calculate these specific employment-based outcomes on behalf of grantees using the SSNs provided for each H-1B participant and populate these fields.
Figure 4-1. Reporting For Six Real-Time Outcomes (H-1B Skills Training Grants)
Quarterly Narrative Performance Report Template
* Report Due Date: Forty-five (45) days after the end of each quarter

DOL GRANT PROGRAM NAME: ________________________________

Program Year: _____________
Quarter End Date: ______________
Date Report Submitted: ______________

The information provided in this Quarterly Narrative Performance Report will be used to help the Department of Labor’s (DOL) Employment and Training Administration (ETA) monitor the progress of the grant and identify promising practices and challenges of the grantee in implementing the grant. The information collected here provides a more comprehensive assessment of the progress of grantees in meeting expected milestones, performance indicators, and program requirements. It also provides additional qualitative information to ETA regarding the activities of grantees as it relates to Workforce Innovation and Opportunity Act (WIOA) implementation or implementation of other discretionary grant programs, timeliness of program deliverables, technical assistance needs, innovative or promising practices in the field, and the use of evaluation for program accountability, assessment, and improvement.

Additionally, please note that, per the Uniform Guidance (2 CFR 200.328), grantees must inform ETA as soon as the following types of conditions become known and should not wait for a quarterly report deadline:

(1) Problems, delays, or adverse conditions which will materially impair the ability to meet the objectives of the Federal award. This disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

(2) Favorable developments which enable meeting time schedules and objectives sooner or at less cost than anticipated, or producing more or different beneficial results than originally planned.

Section I. Contact Information.

<table>
<thead>
<tr>
<th>DOL Grant Funding Opportunity Announcement (optional):</th>
<th></th>
</tr>
</thead>
</table>
Section II. Summary of Grant Activities.
The purpose of this section is to provide an executive summary of grant activities, including planned and actual progress. Grant activities should be aligned with the goals and objectives outlined in the grant Statement of Work (SOW) and ETA approved work plan/timeline. For the current quarter, please include a description of all new and ongoing:

- Services supported by the grant;
- Key activities completed, including partnership development and coordination;
- Performance improvement efforts being undertaken to meet goals for the performance year if projected goals for the quarter are not currently being met; and
- Additional activities performed by both the grantee and any sub-grantees, if applicable.

A. This may include additional information about service and training activities and outcomes to supplement the data submitted on the Quarterly Performance Report.

B. In accordance with the funding opportunity under which the grant was awarded, grantees that are providing supportive services and specialized participant services, should include:

- A description of the type(s) of services offered in the quarter;
- How they were delivered; and
- How they contributed to a participant’s ability to fully participate in grant-funded activities.

C. Those grantees who have no changes to report on the above items relative to previously submitted reports should indicate so, in addition to indicating the reason for their lack of changes.

D. For Senior Community Service Employment Program (SCSEP) grantees, please provide information on the current quarter regarding:

- Additional training activities outside of community service assignments; and
- Types of host agencies that are being recruited.

Section III. Progress Toward Grant Goals.
The purpose of this section is to describe the progress of the grant’s project goals, benchmarks, milestones, special events, important deadlines, and deliverables.

A. Provide any updates on the progress of the ETA approved grant timeline/work plan and program activities,

B. Provide any updates on key deliverables and products developed for broad dissemination to the workforce system, as applicable. This includes identifying products developed with grant-funds such as educational curriculum, websites, and other resources.

C. Utilize the timeline in the grant’s SOW to identify all major program activities and training for the reporting quarter. The timeline will paint a picture of project flow that includes start and end dates, schedule of activities, and projected outcomes. The timeline must be updated each quarter noting the actual date of each activity’s completion as accomplished.

D. Include any challenges or concerns the project has encountered that may have affected or slowed grant progress of the timeline/work plan, and how the project intends to resolve them.

E. Describe the next steps or key focus areas planned for the project in the next quarter.

F. If applicable to the grant, use this section to provide additional information that describes the status of capacity building activities occurring under the program. This may include highlighting those items that have been completed, and assessing how well the capacity building strategies of the program are meeting the training needs of the targeted industries through previously identified impact measures.

G. Grantees who have nothing to report should indicate this.

Section IV. Development and Implementation of Effective Practices and Program Model Strategies.

The purpose of this section is to describe how the program model is achieving the program’s intended purpose and the goals/objectives and activities outlined in the grant application and work plan.

This section may also reflect how equity is taken into account in the development and implementation of the program. “Equity” means the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment. The term “underserved communities” refers to populations sharing a particular characteristic, as well as geographic communities that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life.

A. This may include:
   - A description of outreach and/or recruitment activities;
   - Examples of the development and implementation of education and training programs;
• Identifying and engaging industry sectors and employers;
• Aligning policies and programs;
• Measuring systems change and tracking performance;
• Developing new, or enhancing existing, curriculum or industry training; and
• Creating new career assistance tools and resources.

B. Grantees may describe how any development and implementation activities (such as those outlined above in Section IV.A) contribute to use of services by underserved populations and facilitate equitable service provisions across target populations and underserved communities. Grantees may also identify administrative barriers, statutory barriers, or other challenges they face in ensuring equitable use, service delivery and outcomes achieved.

C. Grantees may describe any lessons learned and how those lessons learned will be integrated into ongoing grant activities.

D. Grantees with no progress to report on the above items should indicate this.

Section V. Status Update on Match and/or Leveraged Resources (if applicable).
The purpose of this section is to provide updates on the status of all match and/or leveraged resources.

A. Identify any funding needs and sources, and report the cumulative amount of any match and/or leveraged resources provided by the grantee and partners each quarter.
   • Match resources are required resources, from non-Federal funds, that support the allowable grant activities. Only grants with a match requirement should report on match.
   • Leveraged resources are those additional resources the grantee and its partners use to support the implementation of the program. Leveraged resources may take the form of cash or in-kind donations. Please indicate any new leveraged resources used to sustain the project after the life of the grant, if applicable.
   • Please note that both match and leveraged resources must also be reported on the Financial Status Report (ETA-9130) quarterly, if applicable.

B. The update may include:
   • Organizations that contributed the resources;
   • Ways in which the resources were used during the current quarter;
   • Cumulative amount of match and/or leveraged resources; and
   • Type of match and/or leveraged resources contributed to the project.

Section VI. Status Update on Strategic Partnership Activities (if applicable).
The purpose of this section is to describe how partners are working together to implement the project and to communicate the dynamic growth and development of the strategic partnership, including cross-agency partnerships. This section is not intended to be a list of every partner meeting or communication, but rather should reflect the results and outcomes from such interactions and their impact on the project. Completing this section of the report allows grantees to reflect critically on their partnerships and contributes to broader discussions among grantees on partnership development and management.
A. Report the critical aspects of the grant partnership activities, including establishing and maintaining strategic partnerships, during the reporting period.

B. This section may:
   - Discuss how partners have engaged during the current phase of the project;
   - Outline specific roles and contributions of each partner during this quarter;
   - Identify any challenges encountered/resolved in the development and management of the partnership; and
   - Report new partners that may have been included in the project, or identify any previous partners that may have left the project. Grantees with nothing to report should indicate as such.

**Section VII. Status Update on Employer Engagement Strategies.**
The purpose of this section is to share information related to promising practices and strategies that have strengthened existing employer partnerships and any efforts to develop new employer partnerships. This section may discuss how equity is taken into account in the identification of, engagement with, and services provided to employers and employer associations.

A. Report the efforts that have been undertaken to receive feedback from local area employers to identify their employee pipeline needs and engage local employers to interview, assess, train, and/or hire program participants. Examples may include:
   - Increased employer involvement including employers serving as mentors;
   - Program staff and employers identifying ways to encourage continuous improvement to hire program participants;
   - New employer partnerships (e.g., increased number of employers); and
   - Positive employment outcomes for program participants (e.g., employers support the hiring and advancement of program participants).

**Section VIII. Key Issues and Technical Assistance Needs.**
The purpose of this section is to describe any grant challenges and related technical assistance needs.

A. Summarize significant opportunities, issues, or challenges (such as under-enrollment) encountered during the quarter and any resolution of issues and challenges identified in previous quarters. Furthermore, describe actions taken or plans to address issues.

B. Describe questions the grantee has for ETA, as well as any technical assistance needs.

C. For SCSEP grantees, this section should include information on the recruitment of eligible applicants, meeting the most in need goal, and over/under enrollment challenges.

D. Grantees with nothing to report should indicate this.

**Section IX. Significant Activities, Accomplishments, and Success Stories.**
The purpose of this section is to provide additional, in-depth information regarding promising approaches, new processes, and/or lessons learned that are not addressed elsewhere in the report.

A. Report any other significant activities and accomplishments.

B. Describe in detail promising approaches, innovative processes, lessons learned, and grant- and participant-level success stories in this section each quarter, as appropriate.

C. Additionally, if appropriate, and with the participant’s permission, please highlight one or two grant- or participant-level “success stories” from the program per quarter.

When documenting success stories, please describe the:
- Background, problem, issue, or concern prior to program involvement;
- Response or intervention provided by the project; and
- Results and outcomes, including who benefited and what changed or improved.

D. Grantees may also include promising practices and success stories as attachments to the report.

E. Grantees with nothing to report should indicate this.

Section X. Evidence and Evaluation.
The purpose of this section is to provide information to ETA on how evidence and evaluations are being developed and applied. This information may help ETA to plan for future evaluation needs.

A. Describe how the grantee is using or planning to use data, evidence, and evaluation findings to make improvements to programs and strategies. In this explanation, please include a discussion on accomplishments, strategies being implemented, and any barriers to success.

B. Please provide an update regarding the participation and status of any evaluations required as part of the funding announcement or award. Please include any requests for technical assistance related to these requirements.

C. Please include information regarding the grantee’s participation in any studies or evaluations not required as part of the grant award, including any internal evaluations. Please describe the study, any data sources, and whether a third party is managing this project.

D. As part of the evaluations described above, or as a separate stand-alone data analysis project, is the grantee using, or have plans to use, administrative data to better understand the grant program or the population it serves? If so, what data sources has the grantee been able to use or planned/desired to use? If so, what research or management questions do/can these data help the grantee answer?

E. Grantees with nothing to report should indicate this.
Section XI. Additional Information (if applicable).
The purpose of this section is to provide any additional relevant information that is not included elsewhere in the report.

A. For SCSEP grantees, this section should include information regarding the:
   • Status of the activities described in their training and supportive services waiver request; if applicable and if not described in Section II.D
   • Progress on special projects; and
   • Status of any complaints/grievances.

B. For H-1B grantees, report any outcomes in this section that are required by the specific grant award but not otherwise captured in the Quarterly Performance Report.

Paperwork Reduction Act Disclosure Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The control number for this collection is 1205-0448. Public reporting burden for this collection of information, which is required to obtain or retain benefits, is estimated to average 10 hours per quarterly response, including time for reviewing instructions, gathering and maintaining the data needed, and completing and reviewing the Quarterly Narrative Performance Report. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Office of Workforce Investment, Room C-4526, 200 Constitution Avenue NW, Washington, DC 20210.

Note: Please do not return the completed ETA-9179 to this address.
The H-1B Performance Reporting Resources website is the go-to place on Workforce GPS for all things related to performance reporting for H-1B grants. Available on the site are key policy guidance documents and technical assistance resources such as reporting guides, webinars, tutorials, sample files and FAQs. More pages may be added to the site as additional performance reporting resources become available.
