

# Personnel Compensation, Labor Distribution, and Payroll Reports

#### **Purpose and Introduction**

Understand and follow the new guidelines contained in the OMB Uniform Guidance

Understand and apply the salary cap limitations that are associated with many ETA grants and sub-grants.

Address common mistakes being made on these subjects.

# **Course Objectives**

At the end of this module, you will be able to:

- Identify the Standards for Documentation of Personnel Services costs in the OMB Uniform Guidance compared with the previous OMB Circulars
- Identify the standards for allowable personal services costs under OMB's Uniform Guidance
- Identify the standards for allowable fringe benefit costs under OMB's Uniform Guidance
- Define and apply the salary cap limitations associated with ETA grants

# DOCUMENTING PAYROLL DISTRIBUTION

#### **Basic Standards for Documentation**

- Cost Principles: General Provisions for Selected Items of Cost
  - 2 CFR 200.430(i) Compensation Personal Services, Standards for Documentation of Personnel Services
  - Supported by a system of internal controls
- Provides reasonable assurances that charges are
  - Accurate
  - Allowable and reasonable
  - Properly allocated

# **Basic Standards for Documentation (2)**

#### Payroll distribution records

- Incorporated into the official records
- Reasonably reflect the employee's total activity
  - Not to exceed 100% of compensated activities
- Encompass both Federally assisted and all other activities compensated on an integrated basis
- Comply with accounting policies and practices
- Support the distribution of salary or wages among specific activities or cost objectives if employee works on more than one award or activity

# **Basic Standards for Documentation (3)**

- Payroll records meeting these standards are not required to provide additional documentation of work performed
- Non-exempt employees: must record total number of hours worked each day to comply with FLSA
- Same standards apply to documenting salaries and wages for cost sharing and match requirements
- Federal Gov't may require personal activity reports or equivalent if records do not meet these standards
- Institutions of Higher Education
  - Categories of activities may be expressed as a %
  - Intermingled duties: precision not always feasible

# **Use of Budget Estimates**

#### Do not alone qualify as support

May be used for <u>interim accounting purposes</u> provided that:

- Reasonable approximation of actual activity performed
- Significant changes in activity are identified and recorded
- Process to review after-the-fact interim charges and make needed adjustments based on <u>actual</u> costs is in place
- Short-term fluctuations need not be considered as long as payroll distribution is reasonable over the long term

# **Substitute Systems**

#### Limited applicability 200.430(5)

- Only states, local governments, Indian tribes
- Requires approval of cognizant agency for indirect costs
  - Random moment sampling
  - "Rolling" time studies
  - Case counts
  - Other quantifiable measures of work performed
- Sampling must meet statistical sampling standards
- Cognizant agencies encouraged to approve proposals based on outcomes and performance milestones

# Why This Change?

- Overall emphasis on a strong internal control system
  - Establish controls for efficiency and payroll disbursements
  - Audit testing of payroll distribution method as part of internal control system review
- Allows non-Federal entities the flexibility to design and implement an internal control system that best fits its needs

# **Knowledge Check 1**

Must the records used for documenting payroll distribution provide reasonable assurance that the costs are accurate, allowable, and properly allocated?

- ✓ A) Yes
- B) No

# **Knowledge Check 1 Feedback**

Must the records used for documenting payroll distribution provide reasonable assurance that the costs are accurate, allowable, and properly allocated?

- ✓ A) Yes
- □ B) No

#### **FEEDBACK:**

This is the basic standard that every recipient must meet, regardless of the specific methods used to document the distribution of payroll expenses.

# **Knowledge Check 2**

Must the payroll distribution system be fully described and documented in the organization's internal control procedures?

- ✓ A) Yes
- B) No

# **Knowledge Check 2 Feedback**

Must the payroll distribution system be fully described and documented in the organization's internal control procedures?

- ✓ A) Yes
- B) No

#### FEEDBACK:

The Uniform Guidance puts the focus on internal controls as the basis for supporting how payroll costs are distributed. Therefore, the methods used and the records that support those methods must be fully described and documented in the internal control procedures.

# **Knowledge Check 3**

May budget estimates alone may be used to distribute payroll expenses?

- A) Yes
- ☑ B) No

# **Knowledge Check 3 Feedback**

May budget estimates alone may be used to distribute payroll expenses?

- A) Yes
- ☑ B) No

#### **FEEDBACK:**

Budget estimates may be used only on an interim basis to distribute payroll expenses. The Uniform Guidance states explicitly that budget estimates alone do not meet these standards for documentation. The recipient must have processes in its internal control system to review after-the-fact the interim budget-based charges and make needed adjustments to conform to actual usage.

#### **Knowledge Check 4**

Must personnel activity reports to document payroll distribution always be used as previously required in A-87 and A-122?

- A) Yes
- ☑ B) No

# **Knowledge Check 4 Feedback**

Must personnel activity reports to document payroll distribution always be used as previously required in A-87 and A-122?

- A) Yes
- ☑ B) No

#### **FEEDBACK:**

The Uniform Guidance does not require any specific method of documenting payroll distribution. This is a significant change from the previous OMB Circulars A-87 and A-122.

# **Knowledge Check 5**

May a Federal agency require the use of personnel activity reports if the recipient fails to meet the payroll distribution standards in the Uniform Guidance?

- ✓ A) Yes
- B) No

# **Knowledge Check 5 Feedback**

May a Federal agency require the use of personnel activity reports if the recipient fails to meet the payroll distribution standards in the Uniform Guidance?

- ✓ A) Yes
- B) No

#### **FEEDBACK:**

This is one of the remedies that the Uniform Guidance provides for addressing the failure of a recipient to comply with the basic standards for payroll distribution.

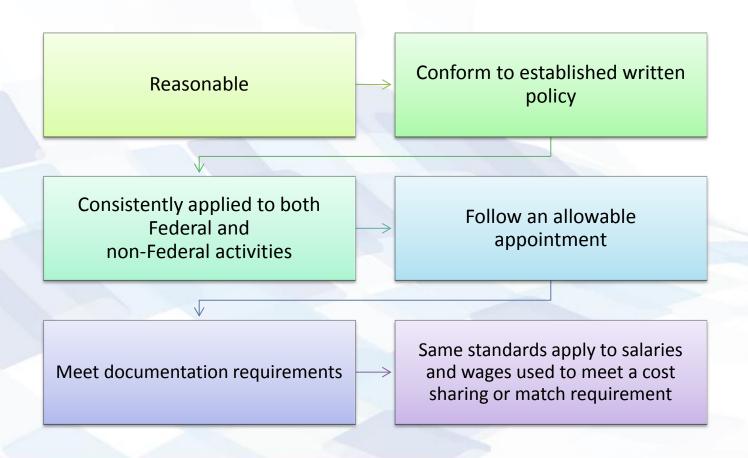

# COMPENSATION: PERSONAL SERVICES

#### **Allowable Personal Services Costs**

# **200.430 Compensation — Personal Services**Criteria

#### Reasonable Level of Compensation

- If consistent with level of compensation paid to employees doing similar work in other activities
- Or if no similar position, cost is comparable to that paid for similar work in the labor market
- Separate salary cap requirement applicable to ETA-funded grants (addressed later)

# **Incentive Compensation**

#### Incentive compensation allowable

- If based on cost reduction, efficient performance, suggestions awards, safety awards etc.
- Allowable to extent that overall compensation is determined to be reasonable
- Pursuant to an agreement between recipient and employee before services were rendered or pursuant to established plan

# **Discretionary Recipients**

# IMPORTANT CHANGE - BUDGET MODIFICATION & PRIOR APPROVAL PROCESS

- For funds awarded after December 26, 2014, requests for budget modifications must be submitted in writing at least 30 days before the effective date of any change
- A transfer of funds between a cost category such as personnel or fringe benefits that is expected to exceed 10% of the total approved budget requires Grant Officer approval
  - (See 200.308(e), 2900.9, and 2900.10)
- Replaces previous requirement that all changes in salaries and fringe benefits required Grant Officer approval

# Federal Funding Accountability and Transparency Act (FFATA)

- Federal Funding Accountability and Transparency Act
- Prime recipients (receiving Federal funding through Federal awards) 2 CFR Part 170
  - threshold of \$25,000
  - reporting of subawards
  - reporting of five highest compensated individuals
- Single, searchable website <u>www.fsrs.gov</u>
  - Data uploaded into USASpending.gov
- Not an ETA reporting system
- ETA pre-populates prime recipient award information
- Details available online in ETA training library

# 200.431 Compensation – Fringe Benefits

#### General Standard: Allowable if:

- Reasonable and required by
  - Law
  - Entity-employee agreement or
  - Established written policy of entity
- Applies to
  - Leave, Social Security, life and health insurance, unemployment compensation, workers compensation, pension plans, severance payments

#### **Recognition of Leave Costs**

- Cash basis: costs recognized when taken and paid
  - Unused leave after retirement or termination allowable as indirect cost in year of payment
- Accrual basis: may only be used when a liability as defined by GAAP exists when leave is earned
  - At the lesser of amount accrued or funded
- UG reflects new family friendly leave policies

#### **Pension Costs**

#### Allowable if:

- Reasonable
- In accordance with established policy
- Method of allocation is not discriminatory
- If accrual basis: assigned to fiscal year in accordance with GAAP
- Funded for all plan participants within 6 months after year-end

#### Severance

- Allowable if required by law, employer-employee agreement, established policy that constitutes an implied agreement, or circumstances of the particular employment
- Normal turnover severance
  - Paid and allocated to all activities or
  - Reserve acceptable if charge to current operations is reasonable in light of past payments and if charged to all activities
- Mass abnormal severance
  - Accruals generally not allowable; prior approval required

#### **Other Provisions**

- Limited use of Employee Health and Welfare Costs that improve working conditions
- Institution of Higher Education only
  - Fringe benefits in form of tuition for individual employees are allowable if granted per established policy and distributed to all activities on equitable basis
  - Not allowable for family members
  - Other detailed provisions in Uniform Guidance

#### Pay-As-You-Go Methods

- Insurance premiums for Unemployment Insurance,
   Workers Compensation, health insurance, etc.
- Pension plan termination insurance premiums under Employee Retirement Income Security Act (ERISA)
- Leave when taken and paid for
- Direct payments for workers compensation, unemployment compensation, severance pay, postretirement health insurance, and similar benefits
- Allowable in year of payment provided that entity
  - Follows a consistent costing policy
  - Allocates as indirect costs

#### **Funded Reserves**

- Reserves for self-insurance for Unemployment Compensation and Workers Compensation allowable if:
  - Based on reasonable estimates of the liabilities and
  - Types and extent of coverage and the rates/premiums would have been allowable had insurance been purchased to cover the risks
  - Severance: normal turnover reserve if reasonable and charged to all activities

# **Funded Reserves (2)**

Pension plan costs and post-retirement health plans:

- Pay-as-you-go method, or
- Acceptable actuarial cost method in accordance with established written policies

See 200.431 for extended provisions on methods of calculation and timeframes for payments

## **Unallowable Payments**

- Automobiles unallowable for personal use as fringe benefit or indirect F&A even if reported as taxable income to the employee
- Late charges, excise taxes, penalties under ERISA
  - Severance in excess of normal amounts or paid contingent on change in management control
- Pension fund losses
  - Increased pension costs due to delay in funding the actuarial liability beyond 30 days after each quarter
  - Penalties, fines, interest expense

## **Assigning Cost of Fringe Benefits**

- Identifying specific benefits to specific individual employees, or
- Allocating on basis of entity-wide salaries and wages
  - Separate allocations to selective groupings of employees unless
  - Costs in relationship to salaries and wages do not differ significantly for different groups of employees

## **Knowledge Check 1**

OMB's Uniform Guidance consolidates into one set of standards the guidelines for allowable personal services and fringe benefit costs that apply to governmental organizations, non-profits, and institutions of higher education.

- ✓ A) True
- B) False

## **Knowledge Check 1 Feedback**

OMB's Uniform Guidance consolidates into one set of standards the guidelines for allowable personal services and fringe benefit costs that apply to governmental organizations, non-profits, and institutions of higher education.

- ✓ A) True
- B) False

#### **FEEDBACK:**

The previous Circulars have been consolidated into one "uniform" guidance, but there still remain some unique standards that apply to governmental, non-profit and educational entities.

## **Knowledge Check 2**

General standards for the allowability of personal services and fringe benefit costs are that they must be reasonable, in accordance with established written policy, and afforded consistent treatment between Federal and non-Federal awards.

- ✓ A) True
- B) False

### **Knowledge Check 2 Feedback**

General standards for the allowability of personal services and fringe benefit costs are that they must be reasonable, in accordance with established written policy, and afforded consistent treatment between Federal and non-Federal awards.

- ✓ A) True
- B) False

#### **FEEDBACK:**

These standards apply not only to personal services and fringe benefit costs, but to almost all categories of costs that are chargeable to Federal awards.

## **Knowledge Check 3**

A recipient has discretion in establishing salary rates under a Federal award when it does not have any other Federal award that has comparable Federally funded positions.

- A) True
- ☑ B) False

## **Knowledge Check 3 Feedback**

A recipient has discretion in establishing salary rates under a Federal award when it does not have any other Federal award that has comparable Federally funded positions.

- A) True
- ☑ B) False

#### **FEEDBACK:**

Salary rates for any position under a Federal award must be consistent with that paid to employees doing similar work in other activities. Or if no similar position exists within the organization, the cost must be comparable to that paid for similar work in the labor market.
