

Executive Summary

From Design to Implementation, Flexible Apprenticeship Models That Work

11/07/2017

Moderator(s): Cheryl Martin, Amy Firestone

Speaker(s): Geri Scott, Rebecca Lake, Valerie Piet, Christian Lagarde

Hear how community colleges are actively engaging in the development of apprenticeship programs for a range of industry sectors. Harper College and Missoula College HealthCARE Montana have sponsored innovative and successful apprenticeship programs in insurance, supply chain, and healthcare sectors, as well as in advanced manufacturing, in Illinois and Montana.

- This presentation addresses:
 - ▶ The design of 2 different Apprenticeship Programs
 - ▶ Flexible Models (Competency Based, Credit-Bearing, European)
 - ▶ Community Colleges as Sponsors
 - ▶ Converting Internships/Co-ops to Registered Apprenticeships
 - ▶ Common Pitfalls and How to Avoid Them

Run of Show

The design of Apprenticeship Programs	
Registered Apprenticeships (RA) Basics – Geri Scott	6:22
• Apprenticeship Partners Roles and Responsibilities	10:42
• Innovations in Registered Apprenticeships	19:35
How Registered Apprenticeship Programs are Integrated into Community Colleges? – Rebecca Lake	22:25
• Why start a RA program?	23:50
• Pitfalls	24:45
• The “Musts”	26:17
Apprenticeship Models in Montana - Valerie Piet	38:45
• Approaches by Montana – 5 Strategies	40:53
• Distance Delivery Expansion	45:48
• Non Credit Modules	48:26
• Degree Completion Pathways	51:39
Q & A	55:00
