

Executive Summary

ITC-Related Petitions for the TAA Program

12/18/18

Moderator(s): Susan Worden

Speaker(s): Hope Kinglock, Bunmi Sanusi, Megan Wilkins

This webinar is focused on the ITC-related TAA petition process: the advantages, the information needed to file a petition, and the unique worker group eligibility requirements.

National Office staff discuss:

- ITC Trade Investigations and Determinations
- The connection between ITC determinations and TAA Certification
- How OTAA notifies States & others of their option to file ITC-related petitions
- Detailed instructions for filing a valid ITC-related petition
- How ITC-related petition filing and investigation process differs from the standard petition filing and investigation process
- Why ITC-related investigations are generally faster than for other investigative paths to certification
- What to do in a number of complex situations, including those in which a filer might be missing information or have to choose whether to file a regular petition or an ITC-related petition.

At the end of the webinar, there is a list of action steps for both National Office staff and State petition filers, a question and answer session, and announcements of future TAA technical assistance webinars.
