

Executive Summary

TAA Performance Series: Measurable Skills Gains

03/24/2020

Moderator: Robert Hoekstra

Speaker: Robert Hoekstra

The Trade Adjustment Assistance (TAA) Performance Series looks at the performance measures in the TAA Program. This final webinar in the series discusses Measurable Skills Gains (MSG) as well as reporting issues related to this measure. A review of results looked at the general trend, breakdowns by region, gender, education, co-enrollment, rapid response, and service category.
