Executive Summary

TAA/DW Co-Enrollment: It's the Law and It's Doable - A Texas Case Study
Date: 12/8/2021
Moderator: Tim Theberge
Speaker(s): Jeff Ryan, *Camea Dukes*

The TAA Final Rule has required co-enrollment since September 2020, yet states have continued to struggle with this requirement. This session is designed for state and local staffs who provide case management services for the WIOA Dislocated Worker Program and the TAA Program, and therefore must support this requirement.

This webinar features:

- Several polls that will attempt to get a pulse on audience understanding of the published material that directs this requirement, as well as common perceptions about the barriers that exist to the co-enrollment mandate.

- Jeff Ryan from the Office of Workforce Investment (which oversees WIOA) and Tim Theberge from the Office of Trade Adjustment Assistance who will speak to all of the ETA published requirements provided in regulations and guidance that mandate co-enrollment.

- A summary of the path Texas took in the year following the issuance of TAA Regulations to create state level guidance to coordinate compliance with the co-enrollment mandate across local areas, including ongoing challenges .

- Ample opportunity for the audience to ask about specific scenarios via chat that will be addressed orally by the ET

Due to the high volume of audience interest in this topic there will be a "Part Two" to address the overflow of questions in late January or Early February of 2022.

Run of Show

Introductions	
Poll: What is the basis of the requirements for co-enrollment	3:49
Today's objectives	7:00
It's the Law – What is the requirement for WIOA Program Staff?	7:55
Follow on Questions	21:00
Co-enrollment WORKS – data-driven policy	29:00
Poll: What are the barriers to co-enrollment	30:30
Texas: A Real World Example – Camea Dukes, Texas TAA Coordinator	36:57
Now that you have a policy, how do you maximize co-enrollment on an ongoing basis? – Patricia Martinez	1:02:00
Follow on questions	1:06:33
How is co-enrollment tracked in reporting and TAADI?	1:11:00
